Foreword

SEMSEC Race Meeting

Welcome to Lydden and to today's Race meeting organised by the South East Motor Sport Enthusiasts Club (SEMSEC).

There will be eight races for all makes and models of cars from saloons, sports cars, kit cars to single seaters. This event is a round of the various SEMSEC championship and challenge series for 2005. SEMSEC's philosophy has always been to cater for as many competitors and car types as possible. This philosophy means you will see a very wide variety of cars here today, including everything from old MG's, Minis, Escorts through to the latest Caterham and Radical sports cars and single seaters.

The last race of the day will be the popular handicap race for saloons and sports cars. Starting at different times and with different numbers of laps to complete can you guess who will win?

An entry list and details of the championships and challenge series are in this programme. We hope you enjoy today's event and will join us at one of our future meetings.

Acknowledgments

The South East Motor Sport Enthusiast Club would like to thank the following: Lydden Circuit, Tunbridge Wells MC, Rochester MC and all officials and marshals at today's event.

SEMSEC www.semsec.org.uk

South East Motor Sport Enthusiasts Club

The Club was formed in 1994 to promote race and rallycross meetings at Lydden Circuit near Canterbury. Formed as a joint venture between the British Automobile Racing Club London & Home Counties Centre, the Tunbridge Wells Motor Club (TWMC) and several prominent local motor sport enthusiasts.

In 1995 the management of the club was taken over by TWMC who invited local clubs to become involved and use the club as a vehicle to run race events and sprint events. TWMC took SEMSEC forward with the support of Rochester MC and Borough 19 MC. TWMC and RMC supply many of the officials for SEMSEC events and each club also run sprints that form part of the events. In 1995 the Lydden Marshals Club was also amalgamated with SEMSEC and saw a large increase in support for SEMSEC's meetings which has been building ever since.

Although managed by TWMC and assisted by Rochester Motor Club, SEMSEC is a true Lydden based club with most of its meetings taking

place at the circuit. SEMSEC hold club nights at the Phoenix Rail-way Club, Crabble Road, Dover on the second Tuesday of each month starting at 8pm. New and prospective members are always welcome.

If you would like to join the club to race, marshal, officiate or as a social member, there is an application form at the back of this programme. Racing membership is just £25.00 per annum whilst non-racing membership is £12.50 per annum. As a SEMSEC member you will receive copies of the club's newsletter giving details of forthcoming events and reports on past events.

The club's programme of events for 2005 includes eight race meetings at Lydden Circuit, one at Brands Hatch at one race at Silverstone. These events are supported by six Sprints and three Track Days.

We hope you enjoy today's meeting and look forward to seeing you again in the future.

Championship and event details are available from SEMSEC's website:

www.semsec.org.uk

Tunbridge Wells Motor Club
www.twmc.org.uk

Tunbridge Wells Motor Club (TWMC) traces its origins back to 1911 when it was formed as a Motor Cycling Club. It later added a motor car section and is today entirely devoted to 4 wheels. The club is in its 94th year this year making it one of the oldest motor clubs in Britain today.

The Club is involved in a wide range of competitive and social motoring activities including Racing, Sprints, Trials and Autotests. Members also compete in many other events such as Stage Rallies, Historic & Classic Rallying, Hillclimbs and Karting.

For the socially active there are Barbecues, a Dinner Dance and various other non-motorsport activities.

TWMC has a busy year in 2005 running Sprints at Brands Hatch, Goodwood and Lydden. There will be a series of evening Autotests held near Edenbridge as well as supporting all SEMSEC events. TWMC also runs its own Sprint championship called the All Circuit Sprint Championship.

Single person club membership costs £15.00 per annum whilst family membership is £17.00. For further information about the club phone the Club Chairman, Norman Redhead on 01323 502335 or visit the club's website.

Rochester Motor Club
www.rochestermc.co.uk

Founded in 1912, the club has one of the largest memberships in the South East, with over 300 members. The club is fairly unique in that its activities encompass karting, car and motorcycle events. The ever expanding karting section features four stroke racing with eight classes, from 8 year old upwards. This section operates under its own promotional banner of the Formula 6 Association. Also Rochester Motor Club, as one of the three clubs running the Kent Racing Combine, has long been promoting motorcycle road racing. It is currently promoting a series of six hour endurance races. The car section is proud to promote events at Lydden and participate in the promotion of SEMSEC.

The Club has its own Offices at Tiger Month Pub, Davis Estate Chatham on 1st and 3rd Thursday of each month.

Championships

South East Sports and Saloon Challenge

A brief overview of the saloon and sports cars eligible for the championship is as follows:

Sports Racing Cars – A two seater competition vehicle designed and built specifically for racing on closed circuits, but excluding one make sports car formulae.

Production Kit Cars – A two seater sports car supplied by a commercial manufacturer and available to the general public in kit form for use on the public highway.

Production Based Sports Cars – Cars based on any production sports car where more than 1000 examples have been made for sale to the general public.

Silhouettes GT Saloons – Hybrid closed configuration special GT cars.

Special Saloons – Based on cars which have been homologated in FIA standards or verified as having been produced in minimum homologation quantities.

Modified Production Saloons – Saloons and hatchbacks which have been derived from cars homologated in FIA standards or verified as having been produced in minimum homologation quantities.

2005 SEMSEC Saloons & Sports Championship

This Championship is for competitors participating in two wheel drive saloon and sports cars. Included are silhouette GT saloons, special saloons, modified saloons, sports cars, including those built for one make racing series. Prototype sports cars built on a one-off basis and sports racing cars up to 2000cc are also eligible.

BMW Challenge

A Challenge for E30 2 door coupe, 4 door saloon or 5-door estate (Touring) BMW vehicles designated 318i and 320i with either the four

cylinder eight valve M40 engine or the six cylinder M20 engine. All vehicles are road legal and capable of passing an MOT test. Only minor modifications are allowed.

SEMSEC Open Single Seater Challenge

The Single Seater Challenge is for competitors participating in single seat racing cars up to 2000cc. These include Formula Ford 1600, Formula Ford Zetec, Formula Ford 2000, Formula Vauxhall, Formula Renault, motor cycle engined single seaters and other single seat racing cars. All cars must comply with the appropriate MSA (Motorsports Association) technical regulations in force for the year in which the car was produced.

John Taylor Handicap Championship

Our Chief Timekeeper at SEMSEC events between 1995 and 1997 was John Taylor and it was John who introduced us to the idea of running a Handicap Saloon and Sports Car race at each of our meetings.

The aim of this format of racing is to even up all the different power, weight and driver advantages and disadvantages from a wide range of saloon and sports cars. This is achieved by giving each competitor a time handicap according to his/her known performance. In some cases the slower cars may have a one or even two lap advantage over the fastest cars so having to complete 10 instead of 12 laps. This means that to win the fastest cars may have had to lap the slowest cars twice.

SEMSEC MDA Challenge

A Challenge just for Minis. This is for competitors participating in cars complying with the Minicross drivers club rallycross technical regulations. There is one class for all cars.
