TODAY'S RACING

Now For An Easy Endurance Race!

ATTHE END of one of its busiest periods the BARC South Eastern Centre returns to Lydden for another varied day.

Since we were here in May for the Lydden Classic Meeting the hard working Centre team have been involved in Saloon and Single races at Snetterton and Brands Hatch, played a major role in the highly successful 2CV 24 hour race meeting at the Norfolk circuit and run races and sprints at Silverstone.

Now the 2CV heroes from the Snetterton race join us for the easy life of a 15 minute "Sprint" race and two 30 minute Endurance Races.

That race was only two weeks ago and has taken its toll on the cars so they are likely not to be up to their normal high standards of presentation as their owners battle with dents and self digesting engines to get their cars to the track.

Lydden is the fourth event in the BARC 2CVPARTS.COM championship. The previous rounds were run at Mallory Park which was a ridiculously close race for most of the field and excellent fun to drive in; Oulton Park, a race that was very wet and slippery and saw drivers exploring parts of the scenery the marshals didn't realise existed and Snetterton. This series has 11 races in total.

This race is also the third round of the AVO Endurance championship, the first round

by Peter Edwards

• The winning car of BAPS Racing turns into Russell Bend during the 24hr race.

being held at Silverstone in May. This was notable for the extremely heavy downpours. Wet weather settings took on a new dimension as drivers started fitting rudders to their cars. One white bearded gentleman was seen herding pairs of animals onto a large wooden construction. The Endurance Championship comprises six events.

The cars are not too far modified from standard with the main notable exception being the suspension which has been lowered and stiffened and the engine which through relatively simple modifications has had its compression ratio increased and cylinder heads gas flowed in some cases. The gearbox, brakes, body, wheels etc need to remain

TODAY'S RACING Now For An Easy Endurance Race! from page five

standard. Top speed is in excess of 90mph, which is pretty scary in a 2CV. The minimum weight including the driver is 640kgs. It's quite surprising the extremes people will go to reduce weight in the car, but you can still see 2CV drivers queueing for the burger van: they are exempt from this factor.

The racing is always close whether you are at the front middle or rear of the field; in fact, the field is where some cars are likely to end up!

At the moment the championship is led by Gary B Adnitt, the B referring to questions regarding his parentage. He is closely followed by midlands industrialist and latent Gynaecologist Simon Pearson. In third place driving the car coloured to replicate his favourite desert is a Chemical engineer from the North West, Neil Thompson (this assumes he's made it after a particularly traumatic 24 hour race). Tying for third place is Stoke on Trent stonemason Philip Myatt whose team for the 24 hour race was appropriately named after his profession "Dead End Racing".

Today we are joined by the British Superkart Association's for two races for Rotax Max Karts. These are direct drive (non-gearbox) 125cc machines which are prevalent on the country's short circuits. The Association is experimenting to see if they will satisfactorily also compete on the long circuits.

A feature of their series so far has been incredibly close racing with winning margins of less than a Kart's length, but on the other side of the coin, disappointingly small grids.

Last time out at Pembrey, Mark Salmon from Stanford-le-Hope in Essex had two victories over Steven Harvey from Crawley - each by only inches, before Steven got his revenge in Race three by the greater margin of very nearly a Kart's length.

The Imbroglio Racing entry leads the pack through Russell.

The first race of the year was won by Chris Horrocks from Huddersfield, and whilst he hasn't had another victory, he is capable of mounting a strong challenge.

Matt James has been part of the Long Circuit experiment right from the start, and has never yet failed to have a close dice with one or other of his colleagues. Glenn Cole another Essex lad from Basildon has shown solid form and looks set to improve.

Mark Salmon leads the Champonship and also carries the '0' plate - the reward for winning the UK Cup Race at Cadwell Park earlier in the year. He will increase his lead over second placed Scott Pattie who is unable to make the 1000 mile round trip from his North of Scotland base.

The programme will be completed for races for the Centre's Ingear Motorsport Magazine Saloon Car Championship in which Chris Fulke-Greville will be out to extend his overall lead; the Southern Saloon and Sports Car Series and two races in the BARC SEC Single Seater Series.

If the action in these two races is anywhere near as good as that at Silverstone last weekend you are in for a treat!

COULD YOU BE ON THE OTHER SIDE OF THE FENCE TODAY?

Like many leisure time activities, motorsport marshalling is in need of new members

- you perhaps?

You've come here today, you're reading this programme, you're *obviously* interested in Motorsport.

Why not get nearer the action, become involved, and help the Sport flourish at grass roots level, while at the same time learning new skills and getting a trackside view?

If you're over 18, fit and active, we would be pleased to talk with you about joining a club that is able to offer relevant training, Insurance and the opportunity to marshal at most Motorsport events in the UK and abroad.

Graded Marshals fulfill a wide variety of tasks, not only trackside, but also in the paddock and pits, on the starting grid, in race control or the timekeepers' box.

If you would like to know more, talk to any BMMC Marshal here today, or after the meeting write, call or e-mail Chris Stoddart, Secretary National & South East Region,
British Motorsport Marshals Club,
58 Alfred Road, Buckhurst Hill, Essex. IG9 6DP
Tel: 020 8502 9304 (evenings) e-m: Chrisstoddart@msn.com

The BMMC maintains the largest register of marshals in the UK, and although it co-operates with event promoting clubs, has no direct connection with any and is entirely independent and impartial

British Automobile Racing Club

90 Years of Racing History

- South Eastern Centre

On December 12 1912 a group of cyclecar enthusiasts gathered at the Hut Hotel, Wisley, in Surrey to compare notes on their machines.

Cyclecars (virtually four-wheeled powered cycles) provided the real enthusiasts motoring of those days, and the group decided there and then to form the Cyclecar Club.

The Hut Hotel was demolished in 1978 to make way for the old Portsmouth Road improvements, but the little acorns sown that day sprang into the mighty oak that is today's British Automobile Racing Club.

The Cycle Car Club was soon to become the Junior Car Club, racing at Brooklands and elsewhere in Britain, organising foreign tours and generally looking after the interests of the enthusiast. Brooklands was to play a big part in the BARC's childhood and adolescence, as the JCC was destined to merge with the Brooklands Automobile Racing Club to become the modern day British Automobile Racing Club.

The BARC's past is mile-stoned with all the great races at Brooklands, Donington, the Goodwood Formula One and Formula Two meetings, the British Grand Prix at Aintree and Crystal Palace.

Brooklands was its first home, Goodwood its

second and, since 1968, Thruxton its third. Housed in its headquarters at Thruxton the BARC now oversees race meetings at all the major circuits in the country and now runs the majority of the rounds of the British Touring Car Championship. In addition the club officiates at the highly-successful Goodwood Festival of Speed and the Goodwood Revival Race meetings.

In addition national race meetings are run throughout the country alongside sprint and hill climb championships in the hands of the successful network of local centres.

In 1955 the original South Eastern Centre was formed. Over the years a number of developments took place culminating in the formation in 1977 of the highly-successful London and Home Counties Centre.

Recent years have seen the Centre spread its geographic area of activities and January 1st 2000 saw the Centre revert to the name South Eastern Centre to better reflect this.

This year the Centre will organise race meetings rallycross events and sprint meetings at Lydden Circuit, Goodwood Circuit and Silverstone as well as being the event organiser for the Citroen 2CV 24 Hour Race to be held at Snetterton Circuit in June.
