Foreword

SEMSEC Race Meeting

Welcome to Lydden Circuit and to today's Race meeting organised by the South East Motor Sport Enthusiasts Club (SEMSEC).

Following the mornings track day there will be eight races for all types of cars from the new SELOC challenge for BMW's through the Credit Professionals Championship for Caterham Seven type cars, sports and kit cars and to single seater cars in the SEMSEC Open Single Seater Challenge. We also have races for a wide variety of saloons and sports cars.

We have a special challenge race today for the Canley Classics sponsored Triumphs featuring Spitfires and a Herald Coupe.

The last race of the day will be the popular handicap race for saloons and sports cars. Starting at different times and with different numbers of laps to complete can you guess who will win?

An entry list and details of the championships and challenge series are in this programme.

We hope you enjoy our meeting and return for one of SEMSEC's future events in 2004.

Future SEMSEC Dates

Saturday 5th June – Sprint & Race Meeting Saturday 10th July – Sprint & Race Meeting Sunday 1st August – Race Meeting Saturday 4th September – Track Day & Race Meeting Sunday 26th September – Race Meeting Saturday 23rd October – Sprint & Race Meeting

 Sports And Saloon Challenge (Class F)
 Race (12 Laps)
- 7 SEMSEC Open Single Seater Challenge Race Two (12 Laps)

Opposite: Arthur Forster (91), Above: Peter Hillocks (6

8 John Taylor Handicap Championship Race (12 Laps)

The Club was formed in 1994 to promote race and rallycross meetings at Lydden Circuit. Formed as a joint venture between the British Automobile Racing Club London & Home Counties Centre, the Tunbridge Wells Motor Club (TWMC) and several prominent local motor sport enthusiasts.

In 1995 the management of the club was taken over by TWMC who invited local clubs to become involved and use the club as a vehicle to run race events and other events. Whist a large number of clubs expressed interest it was left to TWMC to take SEMSEC forward with the support of Rochester MC and Borough 19 MC. TWMC and RMC supply many of the officials for SEMSEC events. Each club also run Sprints that are part of the events. In 1995 the Lydden Marshals Club was also amalgamated with SEMSEC. 1995 saw a large increase in support for SEMSEC's meetings and they have been building on this ever since.

Although managed by TWMC and assisted by Rochester Motor Club, SEMSEC is a true Lydden based club. All of its meetings taking place at the circuit, with many local members and an increasing number of local organisers. Many of the regular Lydden marshals are also full members of SEMSEC. SEMSEC hold club nights at the Phoenix Rail-way Club, Crabble Road, Dover on the second Tuesday of each month starting at 8pm. New and prospective members are always welcome.

If you would like to join the club to race, marshal, officiate or as a social member, there is an application form at the back of this programme. Racing membership is just £25.00 per annum whilst non-racing membership is £12.50 per annum. As a SEMSEC member you will receive copies of the club's newsletter giving details of forthcoming events and reports on past events.

The club's programme of events for 2004 include eight race meetings at Lydden Circuit. These are supported by four sprints and two Track Days. This is the second meeting in 2004 and all the 2004 dates and event details are published on the SEMSEC website.

Results from today's event will be available from SEMSEC's website:

www.semsec.org.uk

Tunbridge Wells Motor Club

Tunbridge Wells Motor Club (TWMC) traces it's origins back to 1911 when it was formed as a Motor Cycling Club. It later added a motor car section and is today entirely devoted to 4 wheels. The club is in it's 92nd year this year making it one of the oldest provincial motor clubs in Britain today.

The Club is also involved in a wide range of other competitive and social motoring activities. These include Racing, Sprints, Trials and Autotests. Members also compete in many other events such as Stage Rallies, Historic & Classic Rallying, Hillclimbs, Karting and Rallycross

For the socially active there are Barbecues, a Dinner Dance and various trips to major motoring events around Europe. Whatever your interest, competitive or social motoring, we hope that you will join the Tunbridge Wells Motor Club and enjoy the activities we have on offer.

TWMC will be returning, for the first time in several years, to the Goodwood Circuit on 3rd July to run the TON Hire 40th Anniversary Sprint. TON Hire will also be supporting TWMC's return to Rallycross when they will be running an event here at Lydden Circuit on 11th July.

Single person club membership costs £15.00 per annum whilst family membership is £17.50. For further information about the club phone the Club Chairman, Norman Redhead on 01323 502335 or visit the club's website at WWW.twmc.org.uk.

Rochester Motor Club

Founded in 1912, the club has one of the largest memberships in the South East, with over 300 members. The club is fairly unique in that it's activities encompass karting, car and motorcycle events. The ever expanding karting section features four stroke racing with eight classes, from 8 year old

upwards. This section operates under it's own promotional banner of the Formula 6 Association. Also Rochester Motor Club, as one of the three clubs running the Kent Racing Combine, has long been promoting motorcycle road racing. It is currently promoting a series of six hour endurance races. The

car section is proud to promote events at Lydden and participate in the promotion of

SEMSEC.

The Club has it's own Offices at Tiger Month Pub, Davis Estate Chatham on 1st and 3rd Thursday of each month.

Credit Professionals Sponsors of the TWMC Sports Car Championship

SEMSEC

SEMSEC and TWMC are delighted that Credit Professionals (CPL) are supporting the 2004 TWMC Sports Car Championship. The owner of the company, Trevor Phillips, is a regular competitor in the series with his Caterham 7 and is a pervious championship award winner.

Trevor's company helps businesses to increase their profitability through better management of their credit control. He is Vice President of The Institute of Credit

Management, the professional body for credit managers and is a regular lecturer and presenter on the subject. Whether it is collecting a single debt, managing an entire sales ledger or providing training, staff or consultancy, CPL can help.

As part of credit professionals support the overall Championship winner will receive £250 and the runner up will receive £100. www.credit-manager.co.uk

Championships

SEMSEC

Credit Professionals Sports Car Championship

The Lydden sports car championship benefits from support from Credit Professionals which provides some cash prizes for the championship winner and runner up. The championship is for a wide variety of sports cars. This year the championship is exclusively for Caterham Seven type cars and limited production sports cars and kit cars. This will be the tenth year that this championship has been promoted and it increases in popularity each year. For this years championship points are awarded according to class finishing position so the outright race winner may not always be the only high scoring championship contender. There was some very close racing in this championship last year so we are hoping for some exciting racing in today's Credit Professionals Sports Car Championship race.

SEMSEC Super Saloons & Sports Cars

Part of the SEMSEC Saloon & Sports Championship

The SEMSEC Super Saloons & Sports Categories allow much greater modification to cars than the Intermediate Saloons category with many of the cars being space framed. The choice of engines and transmissions is free and the bodies are often made of lightweight materials such as fibreglass or Kevlar. There are also classes for Special Saloons. These cars retain steel bodies but have a wider choice of engines and transmissions available to them. All the saloon cars should retain the silhouette of an original manufacturer's model but as you will see there seems to be a little poetic licence in this area.

Sports Racing Car Category

Part of the SEMSEC Saloon & Sports Championship

For the fourth year we have allowed home built non-commercial sports prototypes and sports racing and purpose built one make sports cars up to a 2000cc limit, to compete in this championship in their own class. We have seen some very close and exciting racing at the front of the field from these cars. This has included Radicals, Global Lights as well as purpose built sports racers.

Intermediate Saloon & Sports Car Category

Part of the SEMSEC Saloon & Sports Championship

The Intermediate Saloon & Sports Car Championship is for saloon and hatchback cars retaining the original engine block and head. There are restrictions on what can be changed with regard to both mechanical components and bodywork. The class structure caters for cars running on slicks or 'road going' cars using normal road tyres. There is also provision for the inclusion of forced induction saloons and classes are again structured to recognise the power advantage these cars may have. There are however restrictions on the type of turbo unit and intercooler the cars can use. Additionally, to equalise power and traction advantages four wheel drive cars can only run on road tyres. As with the sports car championship, points are awarded according to a competitors class finishing position, not overall position, so there is plenty of chance for some of the smaller less powerful cars to compete for the overall championship honours. Bill Richards' built a mini especially for this championship in 2000 and took the overall championship honours that year by a very close margin. Last year the winner was Ron Watson in another Bill Richards built Mini and of course there are a whole range of powerful Cosworth powered cars that will be fighting to lead the races.

Production Sports Car Category

Part of the SEMSEC Saloon & Sports Championship

This is for mass produced sports cars, a class which was previously part of the Credit Professionals Championship. In the past the category has seen the likes of Ferrari, Porche, MG, Triumph and a host of TR's represented.

Seven Type Sports Cars and Production Kit Cars Category

Part of the SEMSEC Saloon & Sports Championship

As the name suggests this is a category for the many types and variations of Caterham 7 type cars and also various other kit cars. The category provides a second race opportunity for those cars entered in the Credit Professionals Championship.

The John Taylor Handicap Championship Race

Our Chief Timekeeper between 1995 and 1997 was John Taylor. John introduced us to the idea of running handicap saloon and sports car races. The aim of this format of racing is to even up all the different power, weight and driver advantages from a wide range of saloon and sports cars. This is achieved by giving each competitor a time handicap according to his/her known performance. In some cases the slower cars may have a one or two lap advantage over the fastest cars. This means that to win the fastest cars may have to lap the slowest cars twice. It makes for very exciting racing and whilst you may find it hard to follow at first you can be sure that when the cars start bunching together the end of the race is near. In an ideal world the whole grid should finish across the line together, but inevitably competitors get delayed passing others or are just unable to repeat their optimum performance lap after lap. Finishes can be very close with just a handful of seconds covering the top places and 20 or so seconds covering the whole field.

SEMSEC Open Single Seater Challenge

This challenge series has classes for Formula Ford 1600's, Zetec Formula Fords, Formula Ford 2000's, Formula Renault, Formula Vauxhall, motorcycle engined single seaters and other single seaters up to 2 litre engine capacity. All eight of the championship rounds will be run at Lydden. There are however four different race formats being used in this series and some events will include double headers, some will have a sprint race and a main race and some will include just a single race of either 12 or 15 laps or a longer race of 25 laps. The aim is to provide competitors with variety and enjoyable racing.

South East Sports & Saloon Challenge

This is a challenge series of nine races. There are classes in this series for a wide range of cars, which include all the Saloons and Sports Cars entitled to compete in the various other club championships. This series provides an additional race opportunity for those competitors and also the chance to compete at other circuits. We hope to be adding further races to this series as the year progresses.

SELOC Challenge

This is a challenge series put together by SELOC – "The Lotus Enthusiasts Club". The series is specifically for SELOC members who want to start racing in something more economical than their Lotus's. They chose the BMW E30 as this was affordable, rear wheel drive and widely available in order to put together a 20 car grid from scratch. Along with the 8 races at Lydden, 1 at Brands hatch and another at Croix. The challenge is being sponsored by RaceSpeed who are an on-line parts & performance supplier.
