George Mackin
Sales Director
Philip Morris U.K.

The Marlboro Dunlop/Express Championship has become one of the most important events in the Auto-Cycle Union's racing calendar. Now in its sixth successive season, the talent-seeking series is recognised as the major testing ground for many of Britain's 5000 clubman racers, striving to reach the international grid.

Jimmy Brown, Managing Director of Silverstone Circuits, was around the table with Marlboro and the Daily Express when this series was first created in 1979. Although he is often fully engaged at Grand Prix level, Jimmy has always recognised the need to help our Stars of Tomorrow.

He and his colleagues have strengthened the entire championship through again increasing their financial backing.

Motorcycle racing can be a costly challenge. We are, therefore, delighted that the Dunlop company are more than supporting this series by providing competitors with a full racing tyre service at each of the nine meetings.

Centurion Helmets, the Norfolk-based company, will again be donating their protective headgear to outstanding riders in both solo and sidecar classes at every round. Centurion's guidance to the competitors, on helmet safety, is invaluable.

Recognition is also a great help to riders working their way to the top — especially on a shoe-string budget! So the continuous coverage in the Daily Express, plus their sidecar trophy, is another vital incentive. The championship is also being expertly reported by Motor Cycle News.

Vernon Cooper, Chairman of the Auto-Cycle Union Road Race Committee, rightly sums up all the team-work when he claims: "The Clubman series is probably the most successful series of races the A.C.U. have ever held."

Our thanks, also, to all those club officials and circuit volunteers — plus the enthusiastic supporters — helping to make this day of racing possible.

To the competitors and their mechanics I say: "Good luck on your Road to Silverstone — the Clubmans Wembley!"

George Mackin
Sales Director
Philip Morris Ltd.
