Held under the National Sporting Code and Standing Regulations 1990 Edition of the A.C.U. for all Road Races.

MOTOR CYCLE RACING IS DANGEROUS

You are present at this meeting entirely of your own risk and subject to the conditions that all persons having any connection with the promotion and organisation and/or conduct of the meeting, including the owners of the machines and passengers in the machines are absolved from all liability in respect of personal injury (whether fatal or otherwise) to you or damage to your property howsoever caused. Drivers and landowners are also absolved from liability.

PROGRAMME COPYRIGHT

All literary matter in the official programme including the list of competitors and their racing numbers is copyright and any person making illegal use thereof will be prosecuted. It is also a condition of admission to any event held under an ACU Permit that no part of the meeting can be filmed or video recorded and/or video transmitted in any way without the written consent of the promoters/organisers and/or the ACU except for the sole purpose of private enjoyment.

Official Programme — £1

WELCOME to round three of the new ACU UK National Championship, a new series devised as part of the rationalisation of motorcycle racing in Britain. For the Production machines, Supersport 400 and Formula Two sidecars, this is the premier national championship, for the remainder, a step towards the televised Supercup and to Europe.

Today's meeting brings together established stars such as multiple TT winner Geoff Johnson, British Production champion Dean Ashton, Supersport 600 champion Paul Brooks, Star champions Rob Orme, John Corrin, Chris White and former F1 champion Mark Phillips with the leaders of the national Clubman's championships, Jason Vincent, Micky Davidson and Steve Tomes.

"The Captain" Mark Phillips heads the F1 class, where Mark Linscott and Tim Bourne, works Kawasaki star John Reynolds, Dean Ashton and Chris White should prove the main opposition. As national champion Ashton must start favourite in the production class, even against Reynolds and Geoff Johnson.

The Supersport 600 class has really taken off, and two heats are necessary to sort out the finalists. Expect to see Paul Brookes, Phil Borley, Ashton, Reynolds, Mike Edwards (winner of last year's British Championship race here) together with local star Jim Clow battling for the leading places, but do not discount former Retford club champion Steve Tomes, Steve Ives, Clubman's winner at Easter, or the fast improving Andy Murphy. Colin Hipwell has his first 600 ride in this race "just trying it out for our Jared".

The Vincent brothers Jason and Max have been the sensation of the Supersport 400 class, lying first and second in the Clubmans series, and here on their home track could give the established stars a fright.

The 250 class is also a two-heat affair and Steve Williams, Mark Barker, Steve Sawford, Rob Orme and Kevin Mawdsley should be the front runners.

The 125 class has really made a comeback in the last year or two, and at the Mallory Race of the year the 125 was the best race of the day. Rob Orme and Steve Mason battled throughout last year for the Star title, and they are joined by Kevin Mawdsley, Steve Sawford and the return of Steve Kibble after a very long absence.

Retford is now acknowledged as the sidecar capital of Britain, and no less than seven of the leading F2 contenders are from that area. Last year's British Champion Derek Brindley has moved on to European Championship racing this year, but brother John is upholding the family honour at home, and is favourite for this year's championship. King of the Roads Dave Saville and new team member John Thompson will be out for a Sabre team 1-2-3, but the return of Andre Witherington in Padgetts colours is a threat and Martin Whittington, Richard Nelson, Keith Galtres and Mick Hamblin are all potential winners in this desperately competitive class.

The meeting is completed by a round of the Classic Bike championship for 500cc and 250/350cc classes. There are ten different makes of machine in the 500 class, from the Mullarney Norton of Bob Newby, and the Unity BSA of John Cronshaw through Weslake, Vincent and Velocette to the Seeley Matchless of Dave Pither. A similar variety makes the 250/350 race equally fascinating with everything from Aermacchi to Yamaha taking part.

MALLORY MONEY MOUNTAIN

Welcome to a brave experiment in British road racing. Today's meeting breaks new ground in a bid to make our sport bigger and better than ever.

If you are here at Mallory today watching racing for the very first time or maybe after a break of some years let me say straight away it's good to see you. Come back real soon!

All told 40,000 complimentary tickets for this event have been in circulation thanks to the assistance and co-operation of more than 110 sponsors who have shown beyond doubt their passion for our sport.

Those generous sponsors have enabled the organising Retford club to pay the costs of running this excellent ACU UK National Championship meeting and we have been able to repay those super sponsors by giving them a bumper bundle of tickets to pass on, with their compliments to fans, friends, customers and enthusiasts.

It's an idea that has been treated, understandably, with some cynicism by the critics. But even before a single spectator came through the turnstiles today, we have had achieved a success. Now where can we try the scheme again?

It's been hard work to make it happen, and without the support of the Retford Club, Mallory Park, the ACU, Motor Cycle News, and of course the sponsors and the riders it could not have happened. Thanks a lot.

CHRIS CARTER.

ROGER MILNE VECO AUTOMOTIVE RACING TEAM

After some promising rides on his own Honda 600 last year Roger was offered two machines for 1990 by enthusiastic sponsors Duncan and Julie Robson of the Veco Automotive who had noticed his progress throughout the season.

A Yamaha FZR1000 was provided for the TT Production class and an FZR600 for the highly competitive Supersport class.

He has already justified his support this season with some very encouraging rides at National level and a full season of National and British Championship events is planned for the team.

Roger and the Veco Automotive Racing Team would like to thank the following for their additional support during 1990:

- ROCK OIL
- METZELER TYRES
- BIKELAND TRAINING CENTRE of HULL
- RIPON TYRE SERVICES
- WILSON'S TRANSPORT

Manufacturers and distributors to the motor parts wholesale trade of a large range of high quality brake and steering components
