				Speed		84.97 m.p.h.	

# The Cheap Way Into Racing

If you regularly go car or motor cycle racing you'll find it worthwhile to consider the cost. For instance, if you go to every meeting at Brands Hatch in 1971 it'll set you back about £35. But a season pass is only £8.50.

If you're a member of the BRSCC or a Circuit Car Club, it's only £7.50.

For the girl in your life you need only pay £6.50. And your pass doesn't only get you into the circuit. It lets you into the Paddock as well. You can get season passes for Brands Hatch, Mallory Park, Oulton Park, Castle Combe and Snetterton. It's the way into lots of meetings. And the way out of spending lots of money.

Please send me 1971 Season Pass and Car Park Label as follows:

	Approximate Normal Cost	Season Ticket Cost £
<b>BRANDS HATCH 1971 CAR SEASON</b> Eight Pounds Fifty: Admitting to public enclosures and Paddock for approx. 45 events (not Stock Cars). Seven Pounds Fifty: Members of the BRSCC and Circuit Car Clubs.	£35	£8.50
Six Pounds Fifty only for each accompanying lady.		£7.50

## CASTLE COMBE 1971 CAR SEASON

Four Pounds: Admitting to public enclosures and Paddock for all 14 events

Three Pounds: Members of BRSCC

Two Pounds only for each accompanying lady

## MALLORY PARK 1971 CAR SEASON

Six Pounds Fifty: Admitting to public enclosures and Paddock for approx. 20 events (not Stock Cars)

Five Pounds Fifty: Members of the BRSCC and Circuit Car Clubs

Four Pounds Fifty only for each accompanying lady

## OULTON PARK 1971 CAR SEASON

Seven Pounds Fifty: Admitting to course and Paddock for all 13 events

Six Pounds Fifty only for each accompanying lady

## SNETTERTON 1971 CAR SEASON

Five Pounds: Admitting to public enclosures and Paddock for approx. 20 events (not Stock Cars)

Four pounds: Members of the SMRC, BRSCC and Circuit Car Clubs

Three Pounds only for each accompanying lady

## BRANDS HATCH 1971 MOTOR CYCLE SEASON

Four Pounds: Admitting to public enclosures and Paddock for approx. 22 road races including four internationals

## MALLORY PARK 1971 MOTOR CYCLE SEASON

Three Pounds: Admitting to public enclosures and Paddock for all ten events including three internationals

## OULTON PARK 1971 MOTOR CYCLE SEASON

Two Pounds: Admitting to course and Paddock for all five events including two internationals

## SNETTERTON 1971 MOTOR CYCLE SEASON

Three Pounds: Admitting to public enclosures and Paddock for approx. 24 events including one international and Three Nationals

	£11	£3
Parking free at all events		
	Total	£

# B.P./BILL IVY CHALLENGE IN REVISED FORM FOR 1971.

## Elimination Series for "Silver Helmet" and £220 in Prizes.

B.P. and M.C.D. have together devised a new type of elimination challenge to take place at eight National and International Meetings at Brands Hatch, Mallory Park and Snetterton during 1971, and to be known as the "B.P./Bill Ivy Silver Helmet Challenge".

Invitations will be issued to 24 riders, nominated by an invitation panel consisting of Lew Ellis (B.P.), Tom Kirby (representing Nell Ivy, donor of the trophy), Chris Lowe and Anthony March (M.C.D.).

At each round, the following will be eliminated from the rest of the series:—

- (a) non starters, unless previously notified as competing in a foreign world classic event the same week-end,
- (b) any rider retiring during the season,
- (c) the last two finishers unless there are three or more retirements.

The remainder will carry on to compete again in the next round. Solo machines of any capacity are eligible.

### PRIZE MONEY

The winner of each of the first seven rounds will receive £10 in prize money and the winner of the final (at the Brands Hatch Race of the South on 10th October) will be awarded the fabulous Silver Helmet trophy and £150.

The list of meetings at which the Challenge rounds will be featured are as follows:—

7th March—Mallory Park	First National Motor Cycle Races (8 laps)
9th April—Brands Hatch	Rothmans King of Brands Motor Cycle Races (5 laps)
11th April—Mallory Park	Rothmans National Motor Cycle Races (8 laps)
31st May—Brands Hatch	Evening News International Motor Cycle Races (5 laps)
13th June—Mallory Park	Post T.T. International Motor Cycle Races (8 laps)
29th August—Snetterton	Rothmans International Motor Cycle Race of Aces (5 laps)
19th September—Mallory Park	Rothmans 1000 gns. International Race of the Year (8 laps)
10th October—Brands Hatch	Evening News International Motor Cycle Race of the South (5 laps)

# RACE 6 START: 2.00 p.m. 5 LAPS

## ANGLO-AMERICAN MATCH RACES EASTER 1971

For some years Motor Circuit Developments Ltd. have been putting their best efforts to the arrangement of international contest in motor cycle racing. In pursuance of this admirable objective Chris Lowe of MCD recently approached us and sought our co-operation.

We were glad to co-operate. We believe in the value of racing, both in engineering development and marketing promotion. The move towards a 750 class, similar to A.M.A. Heavyweight, and based on production machine major components, is one which our company welcomes and encourages. It can, we believe, revitalise international large machine racing.

Resultantly, although time was short, we set in motion plans whereby machines from BSA in Birmingham and Triumph in Coventry were made ready and machines from our American subsidiary company were air-freighted after the big Daytona race — and just in case anybody doesn't know, we beat off all the opposition to finish first, second and third in that race!

At the same time we invited the cream of British and American riders to participate in these match races. The response was overwhelming. All thought the idea was great.

And so the whole project became feasible. MCD were informed that we would deliver for Easter.

Now, we as much as you, are eagerly looking forward to the exciting spectacle of these Anglo-American Match Races.

# ANGLO-AMERICAN INTERNATIONAL MATCH RACES - England 1971

BRANDS HATCH	APRIL 9th
MALLORY PARK	APRIL 11th
OULTON PARK	APRIL 12th

This series of match races has been organised as a team event but riders will gain prize money on an individual basis as follows:

In each race:

1st	10 points = £150
2nd	9 points = £135
3rd	8 points = £120
4th	7 points = £105
5th	6 points = £ 90
6th	5 points = £ 75
7th	4 points = £ 60
8th	3 points = £ 45
9th	2 points = £ 30
10th	1 point = £ 15

Total Series points money = £4950

Every rider who starts a race will be eligible for points and awards.

The winning team will be the team whose riders have collectively accrued the greatest number of points. The winning team will be presented with the BSA/Triumph Anglo-American Match Race Trophy at the conclusion of the series and every team member will be presented with M.C.D. commemorative tankards.

In addition, the rider who puts up the fastest lap speed of the series will receive an additional bonus of £50.

Total Series prize fund = £5000

## First Anglo-American Match Races

If you thought that motorcycle racing began in England you wouldn't be far wrong. In point of fact England provided infancy and adolescence but not the birth, since that has now been attributed to Europe late in the nineteenth century. But then, who's going to argue about a year or two, for what Europe did one week England did another, and vice versa.

When it comes to speed and skill, England is a legend; and with the noble art of boxing and the relatively tranquil art of cricket early English accomplishments, speed, skill and sport were synonymous with our way of life. It is no wonder, therefore, that England is reckoned as the "Old Country" when it comes to road racing, and only in the last decade has the reputation tarnished to any degree.

British dominance of the motor cycle world ended in 1954 when the inimitable Geoff Duke switched to Gilera from the world conquering Nortons. But throughout the dominance by Italian and then Japanese machinery, British riders reigned supreme in the only class that really mattered, the 500cc world championship arena. Only one man ended all that, and only one machine could continue where the Japanese couldn't quite manage to penetrate—Giacomo Agostini on the mighty 500cc MV Agusta, although Hailwood managed to rock the boat on a number of occasions.

I think you will admit that this slightly speedy summary about brings us up to date, except for one thing—that when the highly spectacular Japanese onslaught finished in Europe it transferred allegiance to the United States with a new competitive vigour. What we lost the Americans gained, and because of a different set of rules more closely allied to the theme of our production machine racing, the mode of sport changed and the benefits reaped from increased sales of sports motorcycles strengthened racing on that continent. British companies who relied upon the American market (accounting for something in the region of 80% of all sales) were very quick to spot the danger and to reply to this unwelcome onslaught. To this very day the competition within America has remained a fierce battle between manufacturers for dominance of a still-growing market. No-one can afford to lose, which is just about the finest recommendation one could ever achieve in the world of motor cycle racing.

A sense of isolation has been created out of all this, in that American sport has flourished to such a degree that the majority of manufacturer interest has swung away from the British scene creating a vacuum which, by rights, should not be there. Certainly, British riders are among the finest in the world, although until the Daytona event of 1970 no "British" rider had won a major American race, the lot falling to Australian Kel Carruthers, the then 250cc World Champion, in what one can only term as a supporting race, although full credit to Kel for a win.

The British rider challenge failed again this year with a repeat performance by Dick Mann and Gene Romero, who finished first and second, providing BSA with its second American win in a major road race (Talladega last year being the first), and the BSA Triumph corporation with a clean sweep of the first three places.

This, then, is the setting for what you are about to witness during the first series of match races between the United States of America and Great Britain. The best of two worlds clash; the Americans are unbeatable in America and the British claim dominance here, although their confidence took a knock at last year's Race of the Year when Gary Nixon claimed two fourth places on a piece of machinery which has never gone so fast—his first visit to England, and with very little preparation.

The American Challenge was to be led by their 23-year-old star, Gene Romero, but it would appear that Gene is none too keen to race in England and we are left to guess whether his aversion is altogether due to the fact that he can earn more money in the States! So with Romero's last minute withdrawal the team has taken on a slightly new look.

Gary Nixon, making a more than welcome return visit, will be riding number one as team captain. Race fans will remember him at Mallory Park last year where even a broken leg didn't stop him achieving those fine fourth places already mentioned. Born in Anadarko, Oklahoma, on 25th January 1941, he now resides in Phoenix, Maryland. Gary is a double Grand National Champion and America's best known racer. He won the championship in 1967 and 1968, in the latter year winning both the Daytona 200 and the 100 mile lightweight race. This is the only time in history that a rider has won both events at Daytona in the same year. Since 1963, when he won his first National event at Windber, Pennsylvania, Gary has ranked as one of the top racers and is at home

**JOHN COOPER** *Triumph*

**RAY PICKRELL** *Triumph*

on every type of track. In 1966 he went to Japan under the sponsorship of Yamaha to take part in the 60 mile supporting race to the Japanese Grand Prix at Fuji. He won this convincingly, becoming the first American to win an important road race outside of America. The following year, 1967, he won his first National championship, repeated the following year, 1968. In his racing career he has won more than 300 events as a professional rider.

Second in the championship last year was Jim Rice (BSA), who won six National championship races during the season, twice as many as any other rider. Also twenty-three, Jim comes from Palo Alto, California. More of an all-round dirt T.T. and half-mile expert than a road racer, he has won more National races than any other two-year expert in history. His racing career started as a scrambles rider in and around San Francisco in 1964. In 1966 he joined the professional ranks as a novice. The following year, 1967, he was promoted to Junior class events and, as a Junior, was ranked number one scrambles rider in northern California, and ranked number three junior rider on the west coast in 1968. Jim became an expert in 1969 and finished the season as the eleventh rider in the AMA National Point Standings.

Third man in the point standings is Dave Aldana (BSA) from Santa Ana, California. Twenty-one-year-old Aldana will be entering his second year of expert competition, having established himself as a contender in any road race by winning last year's Talladega (Alabama) event, setting up a new 200 mile record average of 104.589 mph. His other National wins came at Terre Haute (Indiana) and Indianapolis. Dave started racing around Los Angeles in 1965. He became a novice in 1968 and was rated one of the top five half milers on the west coast. In 1969 he was the number one junior rider in the nation with seven wins on the national circuit. He is considered, because of his hard charging style, to be one of the most exciting riders in motor cycle racing.

Dick Mann (BSA) is one of America's most respected racers, having won the Daytona 200 last year and this year switching from a four-cylinder Honda in 1970 to the three-cylinder BSA for the 1971 event. Dick was Grand National champion in 1963 and has been racing professionally since 1953. At thirty-seven, he is the oldest member of the American team. During the 1970 season Dick won two national events and amassed enough points to be ranked number four in the championship. So far this year Dick has

won the Houston T.T. (Texas) and now adds the 1971 laurels at Daytona. He started his racing career in 1951 when he took part in sportsman scrambles around the San Francisco area. He became a novice in 1953 and an expert in 1955. Dick's first national win came at Peoria T.T. (Illinois) in 1959. He has won in every type of national event except a mile oval. In addition to being ranked number one in 1963, Dick was the second ranked national rider in 1959, 1964 and 1965.

Fifth man home in the AMA Championship is Don Castro (Triumph) from Hollister, California. Born 28th December 1949, he is the hottest young rider on the professional circuit. He opened the 1970 season, his first year of expert riding, by finishing third at the Daytona 200 on only his second road racing experience. He finished second at the Sedalia (Missouri) and Castle Rock (Washington) races and went on to finish the 1970 season as described. Don started racing Go-karts at nine. Later, at sixteen, he entered motor cycle scrambles on a 500cc Triumph. In 1968, aged eighteen, he joined the professional ranks as a novice, finishing sixth ranked novice half miler and seventh ranked novice T.T. rider. As a junior class rider in 1969, he finished second in the nation with five major wins on the national race circuits.

Third man to finish at this year's Daytona 200 and sixth man of the American team is Don Emde (BSA). This year is his first year as an expert and his first with BSA. Aged 20 he was born in San Diego and now lives in Bonita, California. He has the reputation of being an outstanding road racer and is expected to finish high in the National Championship this year. But then he has a lot to live up to, since his father Floyd won the 1948 Daytona 200. As a junior last year Don was ranked second junior half miler and third in the junior T.T. standings on the west coast. He started racing at the age of 14 and turned professional as a novice in 1969, the year he became ranked as top novice road racer. But knowing the American way of life, it wouldn't surprise us if they didn't send their other remaining rider as well—Tom Rockwood—just in case of accidents! British fans didn't ought to be disappointed with such a team, for it will contain extremely useful reserve riders in case injury steps in to mar the occasion.

Putting reality into perspective, the type of events that make a championship should be described to be understood, since the variety would make a British rider wince. Imagine the great Mike Hailwood riding scrambles, speedway and road racing to win a championship and you will get some idea why these riders are hero-worshipped in their own country.

Dirt track races are run on especially prepared tracks of one half mile or more in circumference. The track is flat and the distance is measured 18 inches from the pole. For expert riders the minimum piston displacement is not less than 251cc and the maximum piston displacement not more than 750cc. The length of events held on half-mile tracks are nine miles for heats and ten miles for final events. Races on mile tracks are not less than five miles nor more than 50 miles. Short track races are run on especially prepared tracks less than 2,250 feet in circumference. Maximum piston displacement is 250cc.

T.T. races are run on a prepared course, no part of which may be a travelled road. The course includes both right and left hand turns, and if possible a hill. It must require the use of brakes and gear changing. The course may not be less than 15 feet wide. Maximum piston displacement is 900cc.

Road races are held on a closed course, part or all of which may be a public road. The length of the race must be 50 miles or over and are divided into heavyweight, lightweight and production events.

But what about the British riders, who are almost too well known to need any lengthy comment. Captained by Percy Tait, the oldest rider in either team at 42, the British team is just about the strongest that the Americans could face, the accent being put on the

PAUL SMART leads GARY NIXON

word "team". Paul Smart is probably one of the world's finest riders at the moment, finishing second to Giacomo Agostini in South Africa on the Triumph 3 and then almost becoming the first overseas rider to win the Daytona 200 in March of this year until blue smoke put paid to a 26 second lead with only a cupped handful of laps to go. John Cooper needs no introduction either, but whereas Brands Hatch will almost certainly favour Paul Smart, Mallory Park is John's most victorious circuit. He's no stranger to big machines either, winning the first Hutchinson 100 Production race at Brands Hatch in 1965 and latterly rode an equally bad handling machine in the Production T.T. of 1970—the Honda '4' which scared him to death.

Ray Pickrell's run of major wins ground to a temporary halt last year, perhaps because Paul Dunstall is getting busier and busier with his export of sports fittings. Undoubtedly Ray's greatest success came with his victory in the 1968 Production T.T. which preceded a whole string of wins and lap records until he badly shattered his shoulder two years ago.

And so to Tony Jefferies, who is very much the "baby" of the team, if he'll excuse the description. Whereas Percy has, to my knowledge, been racing Triumphs since the war, Tony is the latest recruit to the mighty Triumph team. His experience, by comparison, lacks the finesse of the others and this may have led to Nixon's scathing comments following last year's Race of the Year. Certainly he will have a score to settle with Nixon.

The trouble with writing a piece of editorial such as this is the temptation to draw a conclusion in advance of even the first race. I'm not a gambling man and since it is obvious that the Americans must start as the "second" favourites, my money would normally go on our riders who have almost no equal.

The trouble is anyone who has seen the Yanks in action will have no doubt that they have the ability, the backing and the brains; but on top of all this they have the unbelievable confidence to win. As Nixon commented last year—"If I don't believe I'm going to win there's no point in riding. I don't race to be second!"

Jim Swift.

**B.P. VINTAGE MOTOR**  
**CYCLE**  
**RACE OF THE YEAR**  
**MALLORY PARK**

**HOW  
FAST  
WILL  
IT  
GO?**

Did you know that practising facilities exist at Mallory Park for members of car and motor-cycle clubs to test their machines on certain Saturdays?

The cost is for half day £3.30 per car and driver (£1 for each additional driver), £6 whole day (£1.30 for each additional driver), £2 per solo motor-cycle driver (half day) and £2 per threewheeler driver half day, £3 for whole day. You will need a current driving licence, a crash helmet and, if you are a motor cyclist, leathers or a Barbour suit, goggles and gloves. Drivers of open cars will also need either goggles or a vizor, and all headlamps must be taped.

**CARS**

# SHELL SUPER OIL 500 c.c. CHAMPIONSHIP FOR 1971.

## EIGHT ROUNDS AT BRANDS, MALLORY AND SNETTERTON.

The highly successful 500cc Championship sponsored by Shell last year will be repeated in 1971 under the new title of the Shell Super Oil 500cc Motor Cycle Championship.

The 500cc race at each of eight National and International Road Race meetings will count for points in the Championship on a scale of 8, 6, 4, 3, 2, 1 for the first six places.

At the end of the season, with all results counting, the rider with the highest total of points wins the Championship and receives the first prize of £100. The runner up gets £50, third man £25, fourth £15 and fifth £10.

The dates are as follows:

7th March—Mallory Park  
11th April—Mallory Park  
31st May—Brands Hatch

13th June—Mallory Park  
8th August—Brands Hatch

29th August—Snetterton

19th September—Mallory Park

10th October—Brands Hatch

### KEY

**Types:** Events listed in block capitals are fully international or other important meetings. Events in normal black type are championship meetings involving prize money and are planned as public entertainments. Events in lightweight type are clubman's meetings intended primarily for the benefit of competitors. Supporters are welcomed, at the published charges, on the understanding that these are not professional promotions.

**Races:** F1—Formula One. F2—Formula 2. F5000—Formula 5000. FA—Formula Atlantic. F3—Formula 3. FF—Formula Ford. Hist.—Historic Racing Cars. S6—Group 6 Sports Prototype. S5—Group 4 Sports Cars. F100—Formula F100 Sports Cars. MS—Modified Sports. C—Clubman's Sports. T2—Group 2 Saloon. T—Saloon Cars (Club-Type). S—Sports Cars. SSF—Single Seater Formula.

At car meetings when an abbreviation is followed by an asterisk (\*) this indicates that this particular event is a championship round. Final confirmation on motor cycling championships is not available at the time of going to press.

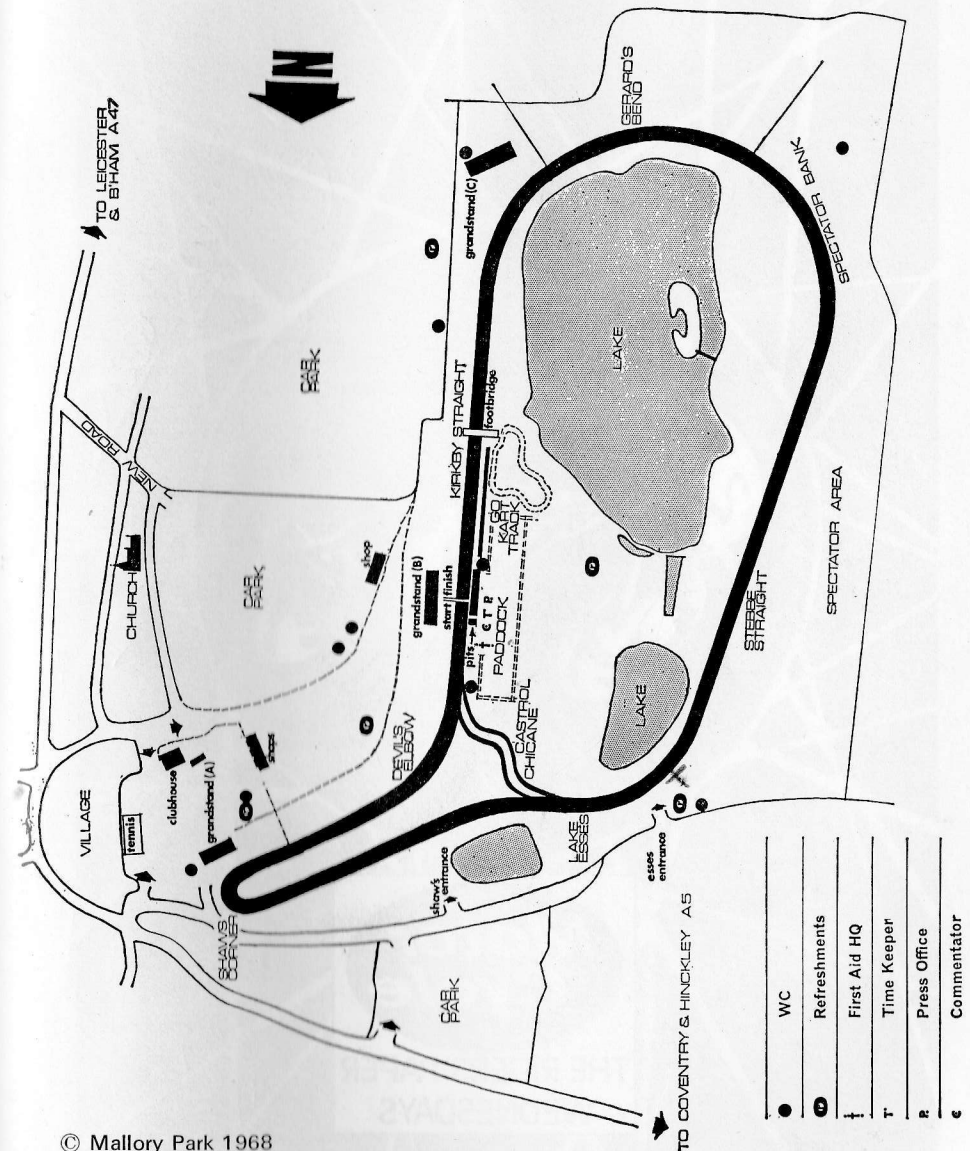

**Charges:** A—Adults. C—Children. CF—Children Free. S—Covered Stands. OS—Open Seats or Stands. SF—Stands Free. P—Paddock. SP—Stands and Paddock combined. ROVERS—Stands and Paddock Free.

**ALL PARKING FREE**
