# DUCKHAMS AND YOUR MACHINE

Duckhams have your interests at heart. Progress in the design of the modern motorcycle is a continuous striving for perfection in improved performance and reliability. So too with Duckhams, who continually produce oils of improved performance in order to anticipate the changing requirements of engine design.

## Duckhams Two-Stroke Engine Oil

An oil specially formulated to beat the problems inherent in two-stroke design - to give complete lubrication and protection to the modern high-performance engine. This is what S. Dinsdale of D.C.R.D. Two-stroke Racing Engines says: 'I should like to congratulate you on the performance of your two-stroke oil in a Suzuki T20. This machine after numerous tests and three meetings during the year still shows no sign of any unusual wear and is extremely clean internally. This after being run at between 10,000 and 11,000 r.p.m. for over 10 hours'.

## Duckhams Q20-50

Superior to normal oils because it has a viscosity adjusted to meet the varied lubricating requirements of the engine operating over a wide range of temperature. The true choice of the enthusiast. For free literature please write to: DUCKHAMS OILS West Wickham, Kent. Tel: 01-777-8341

## WELCOME TO MATCHAMS PARK FOR THE THIRD HANTS GRAND INTERNATIONAL MOTO - CROSS

Our entry is again headed by the two men who have dominated the 250 c.c. World Championship for several years, winning six titles between them. Current champion Joel Robert will be determined to retain the title he won from Torsten Hallman, who has been champion on 4 occasions, and today's clash could be an indication of which way the 1969 Championship will go.

Sylvain Geboers, winner of last year's Hants and 3rd in the 250 c.c. World Championship, will offer considerable opposition in his efforts to repeat his 1968 success as will Hakan Andersson, who had the misfortune to break a chain when leading in the second leg, having already won the first leg after a terrific dice with Sylvain Geboers.

Jef Teuwissen, second in 1968, can upset any forecasting as can the spectacular Roger De Coster. Ake Jonsson was third in the 1968 500 c.c. World Championship and was also third in the Hants, he was riding exceptionally well when winning the third leg and his progress on the Maico will be watched with interest. He will be supported by Adolf Weil, the brilliant West German 250 c.c. and 500 c.c. champion, on another Maico.

Fast riding Torleif Hansen completes the Swedish challenge for the 1969 250 c.c. World Championship and is considered a future champion.

Ron Nelson and Roger De Soto are leading American riders making a debut in European Moto-Cross and it will be interesting to see how they perform on this tough course.

No disrespect is implied by not mentioning the British contingent individually, but there is a limit to the available space. However, after his rapid progress last year and his many titles culminating in his second place in the 500 c.c. World Championship, we look to John Banks to provide the main challenge to the past continental domination of the Hants.

So that you may find more interest and speculate over the results, here are the finishing positions in 1968.
