South Eastern Centre Championship Round for Experts & Juniors

Canada Heights, Button Street, Swanley

Sunday May 24th 2009

Exhaust Sound Level

The Clerk of the Course may exclude any machine which exceeds the maximum permitted sound level, or which in his opinion is deemed to be excessively noisy. Sound checks will be conducted by an official throughout the meeting.

Unauthorised Riding

The riding of machines of any sort in the paddock and areas surrounding the circuit is totally forbidden. Because the event is on private property it does not place it outside the Road Traffic Act in terms of insurance. It cannot be stressed too strongly, that liability for a substantial claim could rest with the owners of the vehicle and the driver (or parents in the case of a minor) in the event of an accident.

Course Length 1.8 Km

MOTORSPORT CAN BE DANGEROUS

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen. Please comply with all instructions of marshals and notices and remain in permitted areas only.

ADDITIONAL NOTICES

Motorcycle Sport can be dangerous and children should be supervised by a responsible adult at all times.

The Organisers, the A.C.U. and the Landowners, do not hold themselves responsible for loss or damage howsoever caused to vehicles or goods left in the Car Parks.
Spectators who bring dogs should keep them on a lead at all times, wandering animals can be dangerous. Suitable land for events is in short supply. The Club reminds all spectators and competitors to have consideration for the local population by driving carefully and quietly in the narrow roads leading to the course. Please do not leave paper or litter behind, it all has to be cleared up by tired voluntary helpers after the meeting.

Under no circumstances should spectators cross the course whilst racing is in progress. At such points where it is permissible to cross the course, a marshal will indicate when it is safe to do so.

Abandonment or Cancellation

Sharing the Secrets of Success

- Do you feel as though you could go faster, get better results, and enjoy your competition more but don't quite know where the answers are?
- Do you suffer with limiting beliefs about your ability? Or find yourself holding back and don't quite know why; you may feel intimidated by other riders or had an accident that has slowed you down.
- Is there a part of your competition that causes you difficulties and try as you might you can't get it right? Maybe you know your best is yet to come but feel you can't wait any longer for it all to fall into place.

A typical example is of a club Motocross rider who came to me because he was having some bad results. He was worried and intimidated by other riders, had also suffered accidents and bad starts, and found himself getting angry and frustrated. We spent five hours working together producing an immediate effect on his results and this year he is competing within a higher group.

These are just some of the difficulties that can be easily overcome. Last year I helped riders from many different disciplines, MX1, MX2, Club motocross, International Enduro, Club Enduro, Trials and Speedway at every level.

Most people think that this is all strange music and Hypnosis, it isn't. This is about basic thinking patterns, it's about understanding how we create our problems and thus limit how we think. It's the undoing of old habits and learning the same behaviour and ways of thinking of the successful riders. My work is conversational, educational, qualified and experienced, results always follow.

What you can expect?

Amateurs - an increase in performance, results and consistency of around 75%

Top level riders - an increase in performance, results and consistency by 15-20%

Visit www.competitionmind.co.uk to learn more about how I can help you achieve your goals and increase your success. Look at the case studies, FAQ's and much more, or phone me for a chat and get a feel for how I work.
