## the kart with the new approach to weight distribution

The new Victor Blowkart does indeed have a new approach to weight distribution, as anyone who has raced one will tell you. Its cornering is unbelievable and it has a matchless performance with any of the homologated engines. The Victor will take them all and all the power you can give it. The Victor Blowkart has a new durable finish, a plastic coating virtually melted on to the frame, and is the only kart kit available with this type of finish.

Other original design features are incorporated; design features proven by several seasons of racing . . . yet which some are now claiming to be new. Watch the Flying Scotsman, David Leslie, on his latest Victor.

## Blowkart Owner Competition

To any owner, or his racing nominee, driving a Blowkart and winning a final in any Class in the 1969 R.A.C. British Kart Championship — or becoming overall Champion — a new Blowkart kit, less engine, will be awarded.

The Blowkart can be chosen from the range of models in production at the conclusion of the Championship. Agents, their employees or sponsored drivers will also be eligible. Send for full details.

## FOREWORD

On behalf of the Morecambe and Heysham Corporation I extend to all of you a hearty welcome to our Borough, on this most important occasion of the WORLD CUP, held on our Circuit at the New Heysham Head Entertainment Centre. As many of you will be visiting our country for the first time, I sincerely hope that you have a most successful meeting and if there is anything I can do to help make your stay in our lovely Holiday Resort a successful and memorable one, please do not hesitate to contact me.

COUNCILLOR NEVILLE PYM

Mayor of the Borough of Morecambe and Heysham

May I add my welcome to that of the Mayor. Having been both a member and a driver with M.H.K.C. I know that you will enjoy the already legendary WORLD CUP MEETING, and as we hope soon to have the CIRCUIT EXTENDED so that it will become THE WORLD'S FINEST KART RACING TRACK we hope to see you all again and again throughout the season as RACING AT MORECAMBE becomes one of our beautiful borough's MAJOR ATTRACTIONS.

COUNCILLOR LICIO PRADA

Deputy Mayor.

## ACKNOWLEDGEMENTS

The Club wish to thank Messrs. Dean Delamont, Director of Motor Sport, R.A.C., Assistant Director Basil Tye, and Kart Consultant Alan Burgess for their assistance and patience throughout the set-backs caused by the delay in building the CIRCUIT EXTENSION, in spite of which they finally secured permission for M.H.K.C. to stage this meeting today.

## Morecambe & Heysham K.C.

President: Councillor Donald Kershaw

The circuit was first opened on May 28th, 1967 and our Club formed shortly after that date. Our President who first showed interest in bringing KARTING to Morecambe and as a result was violently attacked by less far sighted people who did not at first see the benefits which the town derives from our large scale promotions, but today Donald can point with pride to the achievements of his club and the benefits which it has brought.

Our Chairman, Bert Hesketh, once relieved of much of the executive weight by the able assistance of Vice Chairman John Roberts, became the visionary to plan the progress of the club. How well he succeeded can be seen in this meeting today and we add to our list on July 13th "THE B.P. INTERNATIONAL GOLD TROPHY" where again over £1,000 worth of Cash and Trophies will attract the WORLD'S FINEST DRIVERS TO HEYSHAM, to entertain and delight you with their speed and daring. We are indeed very fortunate as a Club to have the services of men such as these and to have as members perhaps more TOP DRIVERS in the larger, more powerful classes than any other club in the country. Many of the Swedish personnel who are here today have come as a result of friendships started last year when 30 of our club members accompanied the British Team to Sweden where the British Team were successful after an epic battle with the cream of Swedish drivers.

I myself came into Karting with the formation of the Morecambe and Heysham Club and I can honestly recommend club membership to all of you ladies who lack an outside interest in life. There's never a dull moment when Karting enters your life, indeed it rapidly becomes a way of life and it's great to be a part of it. It goes without saying that your menfolk will want to join. What red-blooded modern male can resist the lure of a high speed engine and the thrill of a competitive sport where a piece of machinery can assist you to overcome all the obstacles that kept you out of First Division Football, County Cricket or the Olympic Games and put you on terms with the greatest in your chosen field.

Elsewhere in this programme you will find an application form for Club Membership. If you don't want to tear it out just drop me a line and I'll mail you a form. Why not join now? We hold monthly meetings on the first Thursday of every month at the Mayfair Hotel, Morecambe with Film Shows, etc. You will be welcome, and we promise you, you will enjoy the free and easy atmosphere of life with Morecambe and Heysham Kart Club, so —

COME ALONG AND JOIN WITH ME,  
THE FINEST, M. & H.K.C.

## Karting — A Step Forward

As the most fanatically motor sport-minded country in the World, Britain couldn't fail to take karting to its heart when it arrived here in 1959. Today we have the greatest following of anywhere for this miniaturised motor racing, that has brought single-seater racing within the financial reach of the majority.

Despite this, one peculiarity remains about British karting. For some reason we are the most reticent of all nations when it comes to the big time events. We get all humble when it comes to putting on something special and for this reason there is an enormous base of a pyramid, so to speak, consisting of some 600 club-level race meetings every year, and virtually nothing to act as the apex.

The dynamic organising team behind the World Cup saw the need and were not frightened of the responsibility. With the enthusiastic co-operation of the Council and Borough officials, the opportunity was grasped for the benefit not only of Morecambe and Heysham but also for British prestige throughout the World. The World Cup has now taken its place as an important milestone in the history of the sport and I would like to express, on behalf of all karters, our thanks to those responsible for this tremendous achievement.

ALAN BURGESS,

Editor 'Karting' Magazine.

# MARINELAND

G. D. SMITH MANAGER

You may wonder why an article about Europe's First Oceanarium, is featured in the "World Cup" Karting Souvenir Programme. The answer is that just as the Karting "World Cup" is a First for Morecambe so was "Marineland".

To the visitor "Marineland" provides a spectacle unsurpassed in the Aquatic World. The door to "Marineland" opens the way to a new life, an under-water world where one may see creatures completely foreign to us. In this water wonderland fish have been gathered from almost every Ocean in the World, and are presented under the most natural conditions.

The Electric Eel, capable of dealing a lethal shock to his enemies, lives side by side with the deadly Pirhana, the most feared of all fish.

In addition to the tropical wonders displayed a special section has been set aside for the fish and creatures who live in our own Morecambe Bay.

The Spider Crabs and Lobsters live happily alongside the Bass, Cod and Whiting, in as near natural surroundings as it is possible to achieve.

Fresh water fish from the Lake District, including Trout, Salmon and the tiny Minnow may be seen.

Mammals have not been forgotten. Giant Alligators live in a tropical jungle of our creation. In Penguinarium-land our 'dinner-suited' friends strut around amongst the ice flows, while in the next tank the Seals, native to the British Coasts, may be viewed happily swimming under water.

Proceeding to the Dolphin Pool, a friendly welcome awaits any visitor from 'Clipper' and 'Smiley'. These Dolphins, from Florida, have been in this country so long that they have become completely acclimatized. No trick is impossible to our friends, from weight-lifting to football. It is certain that if they were eligible to enter the Olympic Games they would swim away with the Gold Medal for the high jump, as heights of twenty feet and more can be reached.

The tour continues with our friends the Chimpanzees and their incredible feats of skill. These Television performers prove a tremendous draw to visitors of all ages.

Next comes Marineland's own Sea Lions performing amazing tricks of balancing, and skill, concluding their act with a musical finale.

In July and August, this year, a sparkling Aqua Cabaret Spectacular is to be held, with glamorous girls, comedy and death-defying fire leaps.

There are many Aquariums, but at MORECAMBE the Corporation have tried to go one further and make "Marineland" into an all round Water Entertainment Centre.

We feel sure that when you have visited "Marineland" you will agree that they have succeeded.

Bela Roucka puts his friends, the Sea Lions through their paces
