NO DRIVER MAY TAKE MORE THAN ONE AWARD IN EACH RACE (Team prize excepted)

# ...that's a **MAN'S** motorcycle!

For really thrilling performance the 650c.c. Triumph Tiger 110 is supreme. With an alloy cylinder head of unique design, high compression pistons, special camshafts and a large bore carburettor, it provides 40 B.H.P. yet at the same time maintains the usual Triumph high standard of refinement, silence and ease of handling.

*Attractive ivory/black two tone finish available as an optional extra to the standard silver grey.*

## TRIUMPH TIGER 110

**Triumph Engineering Co. Ltd.**

Meriden Works, Allesley, Coventry

N.C.S

# THE COTSWOLD SCRAMBLE

**T**HIS is the Twentieth Cotswold Scramble. The first took place at Througham, and although a National event was somewhat of an experiment by the Stroud Valley Motor Club. Fortunately it was a success, riders were enthusiastic and encouraged the Club to continue. So a better course was planned at Miserden in the following two years.

Entries steadily increased, more races were run, and another change was made in 1937 to the present ground at Nymphsfield, but on a very different course from that used today. The present starting and finishing field was not included.

In 1938 the War Office thought that this motor cycle "scrambling" might be an excellent form of training for dispatch riders, and asked the S.V.M.C. if they might enter riders in the Cotswold. The Club agreed and in fact went one better by including a special race for the Army. Several of these riders gave an excellent account of themselves and several years later (after the war) became famous in the competition world.

After the war the whole course was completely changed and the general lay-out was very similar to that used each year since. Minor changes have been made but the main features have been retained. This year the course is slightly shorter due to a modification at the far side.

Meanwhile the number of races per meeting have been increased and of late years the organisers have been embarrassed by the number of riders wishing to compete, in that they have had no alternative than reluctantly refuse to accept more that the course can accommodate.

All the most famous riders in the country have competed in the Cotswold and a glance at the "previous winners" given on another page show that many of the "stars" of their day have indeed shown their superiority on this course. Unfortunately such a list cannot give any indication of the many close finishes between the foremost exponents of the tough, courageous and skilful art of scrambling.

The Cotswold has always been a National competition, open to all British riders, and today we are pleased to welcome representatives from Australia and New Zealand.

To organise such a meeting entails a large outlay and the S.V.M.C. wish to thank all spectators who attend the meeting and, by paying for admission, make it possible for the event to be staged.

Please help by keeping well clear of the course. It is not fair to the riders when you encroach too near, and races cannot be run if you are in a Prohibited Area or on the wrong side of the ropes that have been placed for your protection.
