# Secretary's Notes

SINCE our last OULTON meeting in March, several events of great interest in the karting world have taken place. The challenge thrown down by Nick Brittain of Autosport has been taken up by Mike Keele, and we can't imagine anyone who is better qualified to deal with the matter. We are sure that every Class IV karter in the country are behind Mike and Roger to a man, when the test takes place.

Chris Lambert, Kelvin Hesketh and John Morreli all lapped Silverstone at 84 m.p.h. and wiped the smiles from some of the MINI owners. At least one of the G.P. drivers admitted that he had never taken karts seriously before, but was very impressed, and thought that karting had definitely arrived.

On a more sombre note we have to report that one sample of petrol taken from a place man at our last kart meeting showed positive results when tested for nitromethane. The facts have been passed to the R.A.C., and we hope that this will deter anyone else from indulging in this reprehensible practice.

Now to more pleasant duties. May we welcome all friends OLD and NEW to yet another OULTON, and trust that all of you will enjoy a magnificent day's sport. We understand that Mr. Richard Cove, our R.A.C. Steward today, who has worked so hard and travelled so far in the interest of karting still has not received a full complement of trophies for the R.A.C. Championships and our club are pleased, today, to donate the "Blackpool and Fylde Trophy" to be raced for by the Class IV Super boys. We hope that others will follow suit and give Mr. Cove the backing he so richly deserves.

May we close by again thanking MR. REX FOSTER and his fellow directors and all those nameless volunteers, who, organised by John Blake and Bert Gouldburn help us out at every meeting and without whom there would be NO OULTON PARK.

LESLEY HESKETH,

(Secretary)

Blackpool and Fylde K.C.

Lap Record held by C. Lambert and R. Keele—1 min. 12 Secs.

**AUGUST MONDAY, 30th AUGUST**

between 12 noon and 1 p.m.

**and SATURDAY, 18th SEPTEMBER**

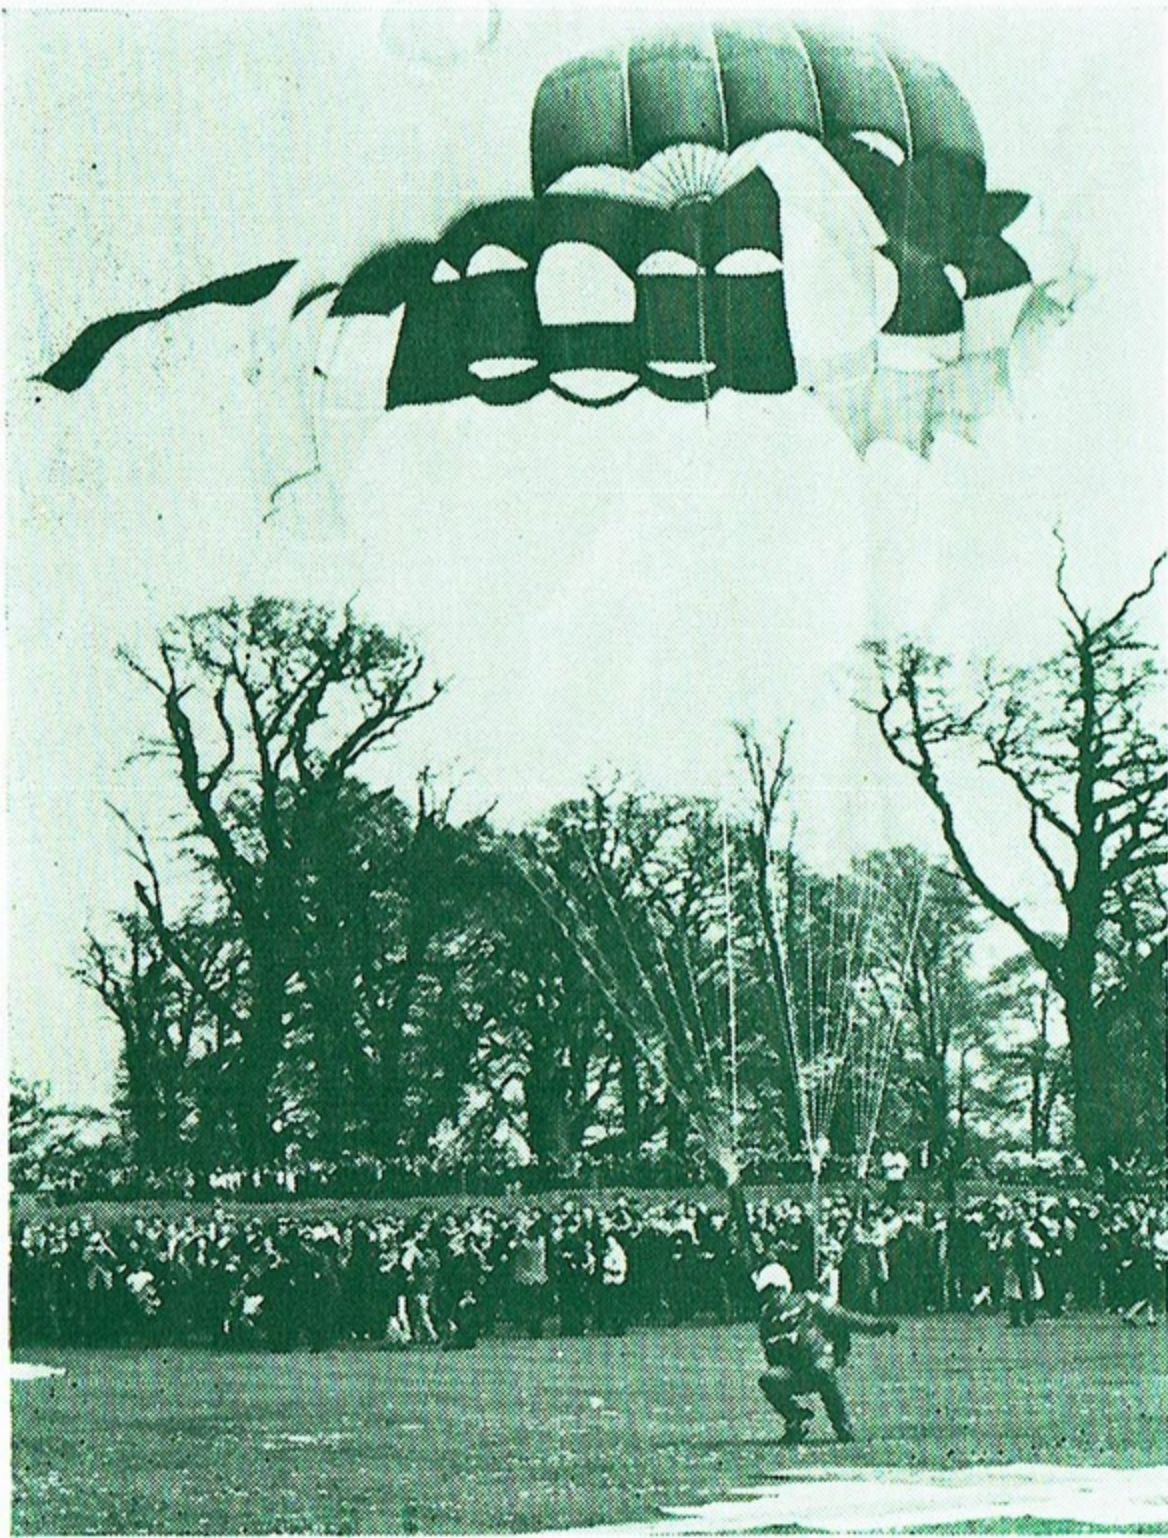

between 1 p.m. and 2 p.m.

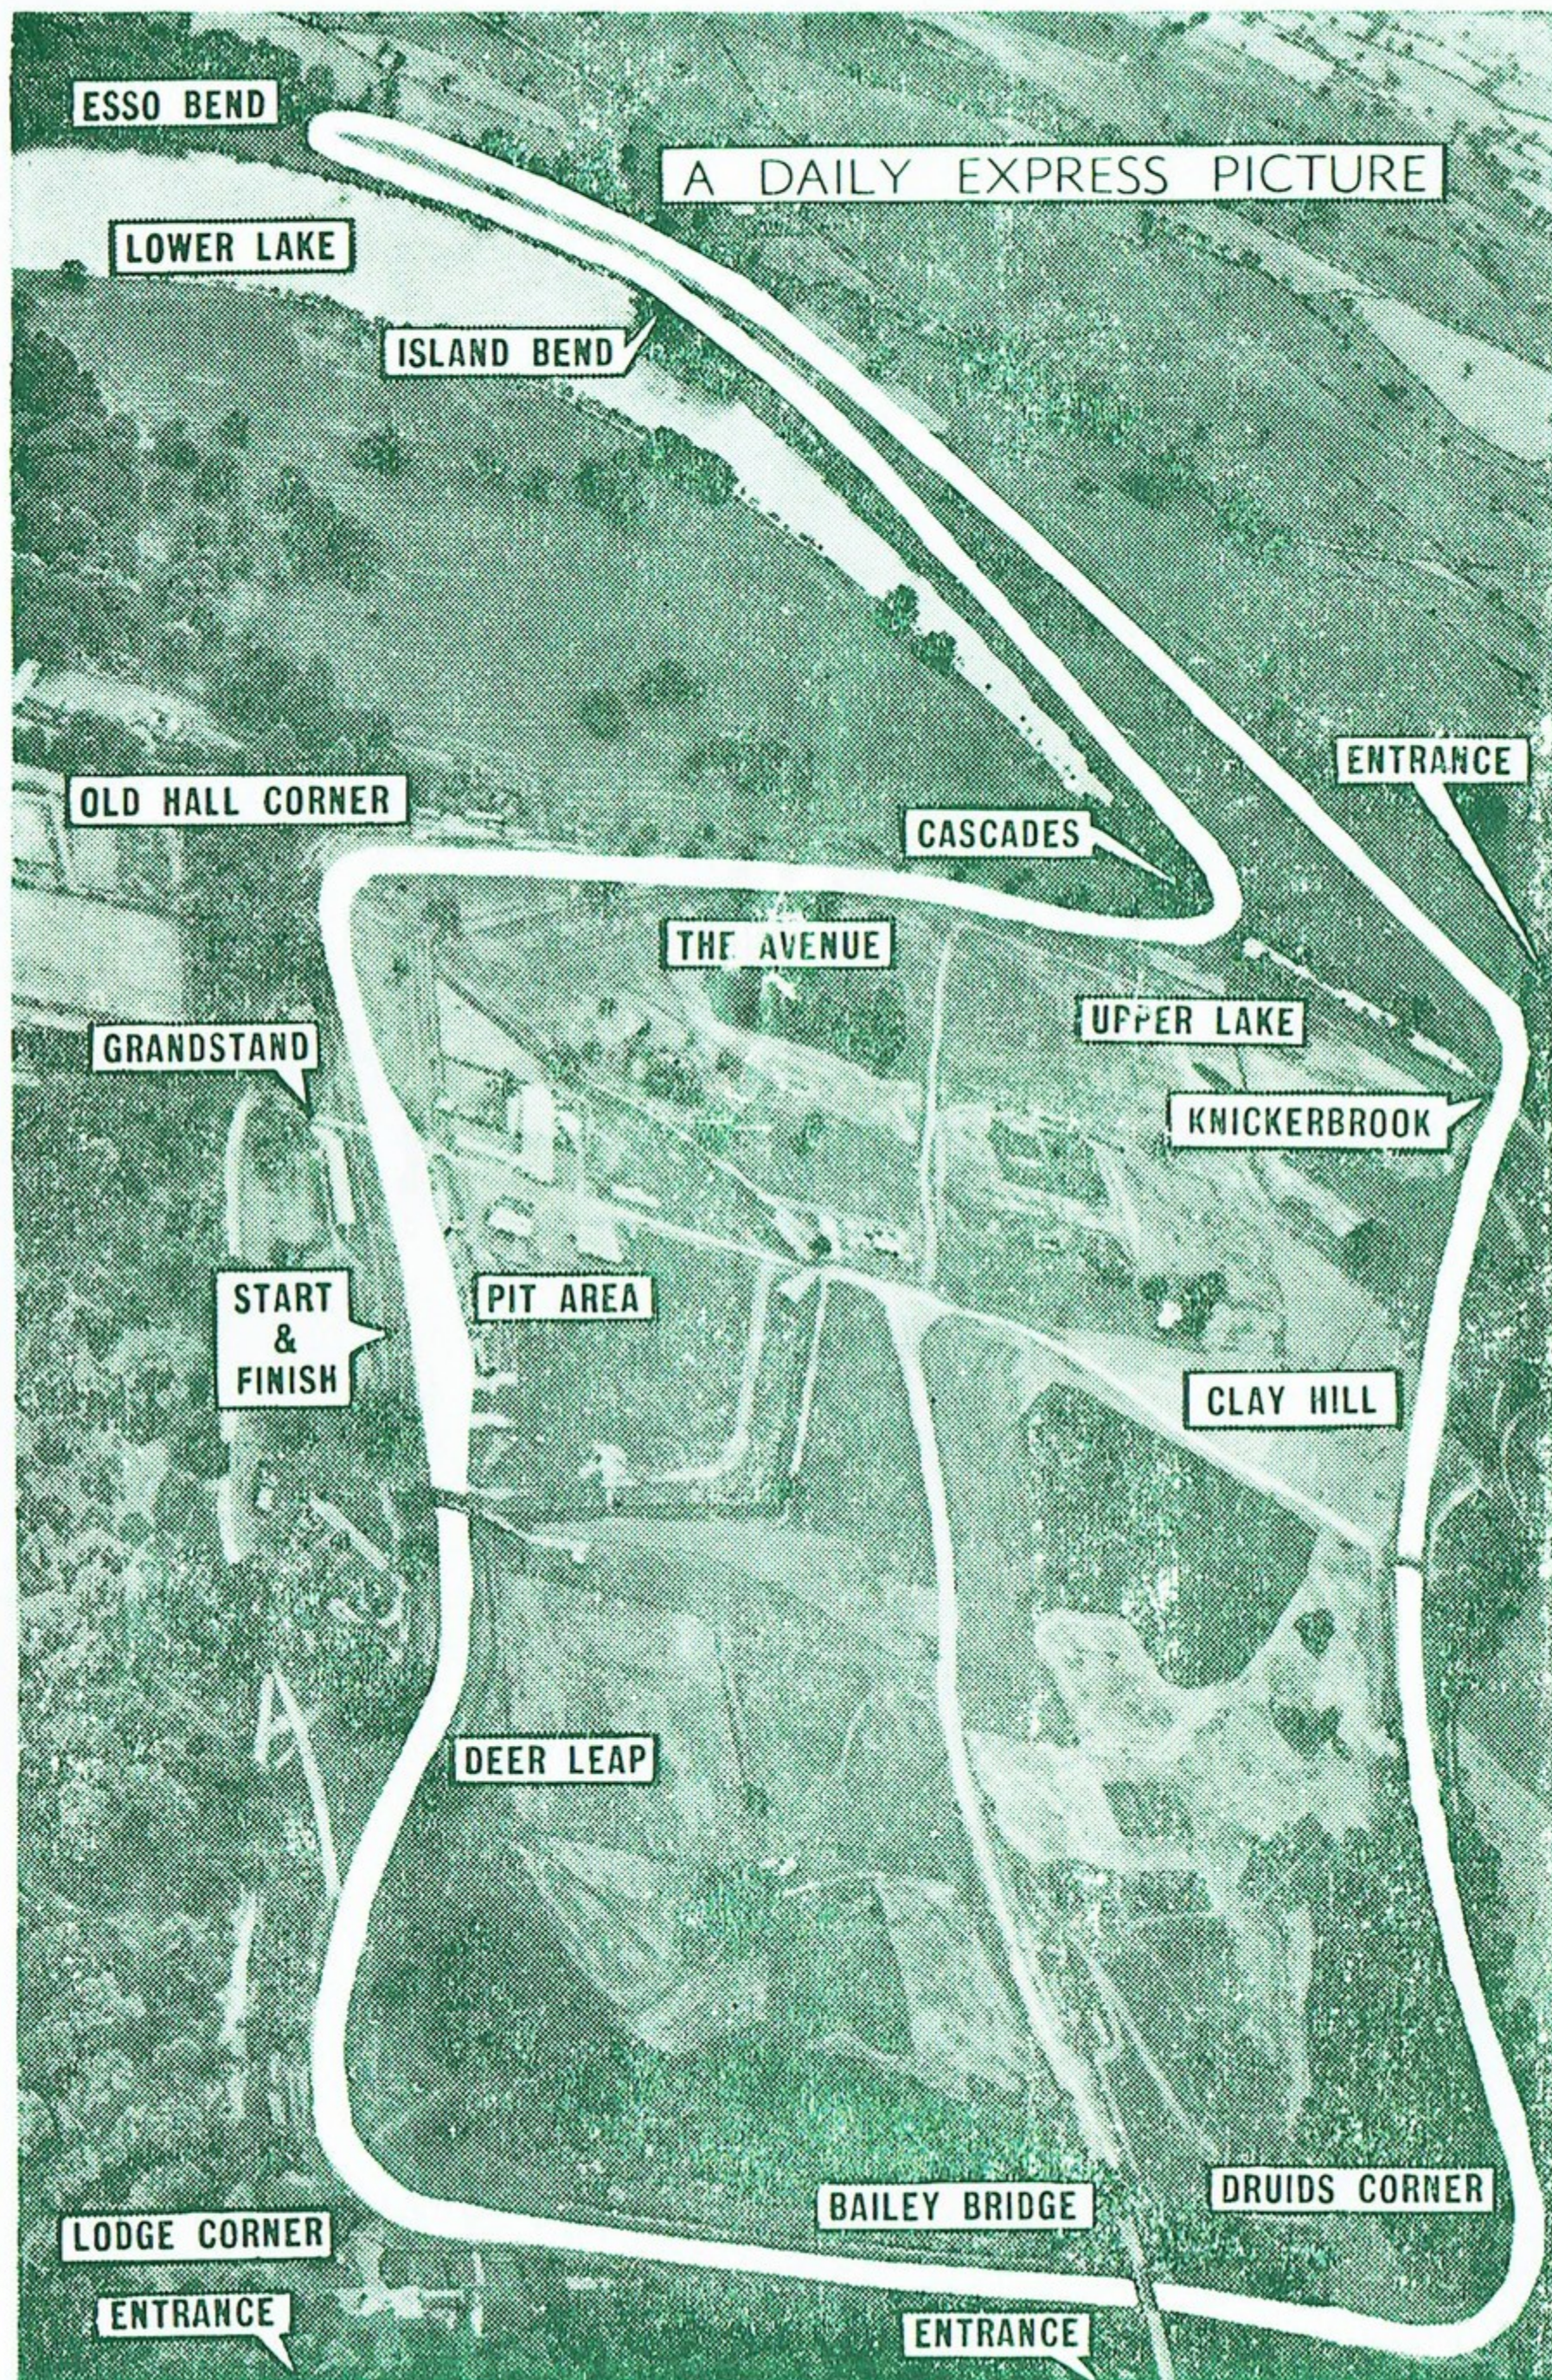

**SUBJECT TO WEATHER CONDITIONS**

In response to numerous requests I am pleased to announce that we have arranged for two repeat demonstrations by the "RED DEVILS" of the Parachute Regiment at our next International Motor Cycle Meeting—30th August and the Gold Cup Meeting—18th September.

So that the display can be seen by as many people as possible the D.Z. (Dropping Zone) will be between the track at Cascades and Knickerbrook. The Red Devils will offer a skilled display of free fall parachuting from an altitude of 10 000 ft. to as low as 2,000 ft. Falling at 120 m.p.h. a parachutist jumping at 10,000 ft. will free fall for 45 seconds down to 2,000 ft. The team will include such items as a Cutaway Jump, a Baton Pass, a Max Track and Long Delay Jumps in their programme.

At 2,000 ft. the parachutists open their Canopies and steer themselves to a target in front of the crowd. The parachutists have smoke grenades attached to their feet to make identification easy.
