The St. John's Ambulance Brigade, which is wholly financed from voluntary contributions, provide a vital service at this and many other motor cycle events. Last month their mobile hospital, which is a converted coach, was seriously damaged in a road accident. The insurers regard it as a write-off as a vehicle. But to place all the complex medical equipment in another vehicle would be an enormous task which would have cost much, much, more than repairing the present vehicle. £200 is required to pay for the repairs which have been carried out. The St. John's Ambulance Brigade have launched an Appeal to raise this sum. They will be having their customary collection as you leave at the end of this meeting. We ask you to be particularly generous this year.
