## LONDON RACING AND SPORTING SHOW

## FOREWORD

The London Racing and Sporting Motorcycle Show, sponsored by Motor Cycle Mechanics, continues into 1980 with one of the finest selections of road and competition machines, clothing and accessories ever seen. Over the years our show has grown into an annual favourite in the motor cyclist's calendar. It has an atmosphere all of its own, where visitors can chat to stand holders, look at the latest in customising equipment, and perhaps pick up that bargain they've been looking for. This year we have two big displays — one of championship-winning competition machinery, and another of truly classic racing motorcycles for you to ogle over. There's a chance to win prizes in our popular "Beat the Clock" wheel-changing contest, a riding gear fashion parade and "Miss Leather" contest, two separate film shows and a brand new bike to be won each day. As always, the staff of Motor Cycle Mechanics extend a special welcome to all visitors. If you've got a problem, or just want to talk bikes, drop by at our stand which will be continually manned by staff members.

# CLER SITE

***Once again on STAND No. 8 in the Old Hall at the Racing and Sporting Motor Cycle Show January 1980***

**we will be showing new users the tremendous advantages of using this invaluable SAFETY AID.**

Old customers from this Show and the Earls Court Motor Cycle Show over the years will know us well; many of them come up to us and give us ready commendations.

This old established product from Chicago (56 years old this year) will, when properly applied to your Visor or Goggles and Spectacles prevent 'Misting up or Fogging' in any circumstances.

It has also the advantage of lessening the droplets of moisture, spray etc with which you contend on the outside of your visor.

See our Demonstration at the Show or send cheque or postal orders for immediate supplies to:

**Master Distributors (UK) Ltd.,  
23 Cornbury Road, Canons Park,  
Edgware, Middlesex.**

***1 oz Jars will last approx 2 years for your visor — £1.60 inc P & P and VAT.  
2 oz Jars £2.10 inc P & P and VAT.***

## D. V. GODDEN ENGINEERING LTD

### STAND No. 10

Just twelve months ago we announced the new Godden GR500 Engine, at this show infant, and since that date the engine has spoken for itself with some 45/50 engines in competition all over the world, in speedway, grass and long tracks. The results have been tremendous, and the future of the engine, is set for sure. Also on display there is the Lydden International bike which made its debut at that meeting in October 1979. It has been designed and built mainly for the 1000 metre sand tracks on the Continent, but it also seems to be very competitive on the rough grass tracks, as proved by Dave Aldana, the American Road Racer when he made his debut on it at the Chorley Grass Track also in October.

D. V. GODDEN ENGINEERING LTD, Blacklands, Mill Street, East Malling, Kent. Tel: 0732 844072 and 845184.

## ROGER MAUGHFLING ENGINEERING LTD

### STAND No. 11

Roger Maughfling Engineering manufacture only sprockets and these are sold under the trade name "Supersprox". The firm supplies original equipment sprockets to such well known firms as Husqvarna, Zip Karts and Beamish Suzuki but are still happy to make a "one off" special sprocket if required. Offered for the first time at this show are replacement alloy rear sprockets for various types of Japanese moto-cross machines in HS15 aircraft type high tensile duralumin. Though only slightly more expensive than the alloy normally used, these sprockets will, claim the makers, last much longer.

### WADDON PERFORMANCE PRODUCTS LTD

#### STAND No. 24

Don't miss this exhibit!

The Show marks the launch of Waddon Performance Products Ltd, whose policy is to market performance products for both two and four-wheeled vehicles.

A new cantilever racing frame for the road-biker is shown: the first series are for the Yamaha RD 250, 350 and 400 engines. The design is based on a prototype Yamaha TZ racing frame.

We aim to prove that you don't need 1000cc to own a superbike. Optional extras will include 'Astrolite Wheels', 'DNL Racing's tuning', and a new fairing.

The full range of Re Carbon gas-pressurised shock-absorbers will be here for sale.

A 'Vincent C' will be displayed. Also the 'Hoeckle' range of crankshafts.

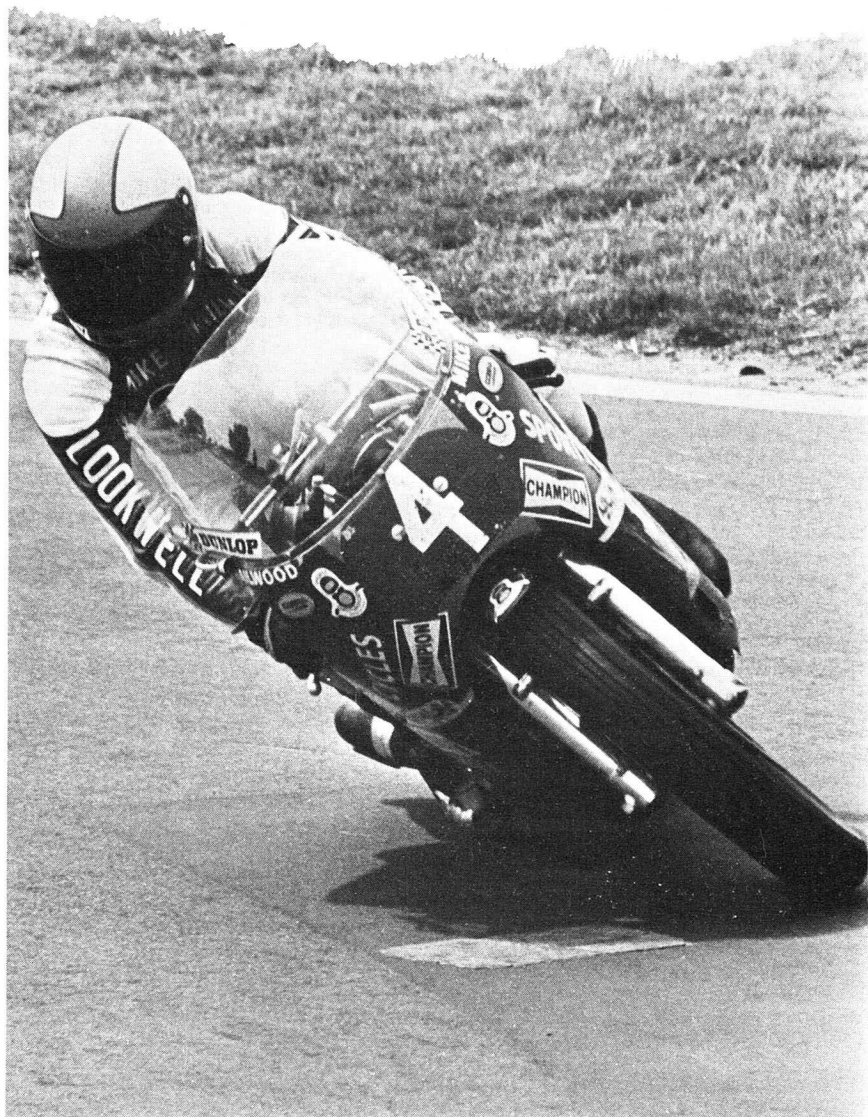

Keven Wretton's Yamaha TZ for the 1980 season will be here: Kevin himself will also be around.

WADDON PERFORMANCE PRODUCTS LTD, Waddon Centre, Peall Road, Croydon, Surrey CR9 3AX. Tel: 01-689 2299.

# A shock for school bullies.

If anyone's going to get pushed around in 1980 it won't be Yamaha.

Big brother of our family of competition motocross machinery the YZ465 — with its unique Monoshock — has been kicking dirt in its opponents' faces since its first-ever race. First place first time out.

Like the 465, the YZ125 is an all-new machine.

A lighter but stronger frame, lighter, more powerful engine giving it more punch, revised Monoshock with remote reservoir, and more suspension travel front and rear help you to fight dirtier than ever.

Remember, the bigger they come the harder they fall.

Backing up these boys are the YZ250, again all-new, the revised YZ100 and YZ80, and the YZ50 — the first 50cc motocrosser from Yamaha.

So, big or small, if you don't want to get picked on, pick a Yamaha.
