Hello again Folks. Welcome to another meeting of Formula II Stock Car Racing at Reading Stadium. This evening we have a very full programme which should produce some close racing.

Last week's meeting was certainly a real Thriller and I for one lost my voice with the excitement. ROY WOODS (82) was very unlucky to lose the final after one of the closest finishes we have seen for a long time. Still it is no disgrace to be beaten by ERIC TAYLOR.

What an explosive package of dynamite this Match Race is. However the lads missed each other I just don't know. To CHARLIE WELLER (15) —JIM FIELD (180) and LEN MEADS (100) I take off my hat. It takes a lot of guts to drive a Stock Car at all—but when you've got another car coming full throttle at you in the opposite direction—there is only one thing to do—CLOSE YOUR EYES AND PRAY. Owing to the extreme danger of this race let me point out that it is staged between volunteer drivers only.

To-night in addition to our usual quota of races we are letting the Weaker Sex have a go. I've seen these girls perform before—and believe me—they are not weak. The last Ladies Race we staged saw all the SHE-MALE Devilment come out in the open. These girls really let their hair down and sharpen their claws. TAKE MY TIP when this race starts, STAND WELL CLEAR OF THE SAFETY FENCE. THEY MEAN BUSINESS.

On the 15th September, which is a Saturday Night, we stage our biggest meeting ever. THE WORLD CHAMPIONSHIP at WIMBLEDON STADIUM. This is perhaps the nicest Stadium in the country. Every person has a seat and every seat is under cover. Also there is a wonderful Restaurant overlooking the track where you can watch the racing whilst enjoying a fabulous meal. I'll tell you more about this meeting in next week's programme. Advance Bookings for reserved seats will open next week.

Now it's time for me to stop writing and start talking—So on with the racing and may the best man win.

Some interesting FACTS about SPEDEWORTH—The 1962 fixtures, the greatest ever undertaken by any organisation. Double the amount of Meetings, undertaken by all the other promoters, put together, in this country. Some 449,000 people will watch Formula II Stock Cars. Some £20,000 will be paid to Drivers, by way of Prize and Start Monies.

NO WONDER EVERYBODY IS SAYING LET'S GO STOCK CAR RACING.
