

As ever, Rebecca has to take a basket of goodies to Granny, but this time she is hindered by her annoying little sister, Violet.

Unbeknownst to them, Lupine Wopperty, teacher of young wolves, is trying to instill some sense of wolfishness into Sidney Shiff, a determined vegetarian.

Rebecca's friends, the Three Little Pigs – who aren't so little - are ready for any huffing and puffing that comes their way. And the Three Bears keep having break-ins.

Everything's as you would expect in a fairytale forest ...
