### 3 SISTERS in JULY

Well that may be the name of the Circuit, although desperate Dan Harris is yet to find them, perhaps you didn't go to the Pier, yes Dan Wigan has got one, must be the only non coastal town to boast such an item.

Hopefully the weather will be a bit kinder this time, it seems synonymous with BEMSEE that 3 Sisters spells rain, at least we didn't get snow last time, who knows the sun might shine, only time will tell?

Those of you who were here with us in May should remember the antics of the Quads, well beware they are here again, albeit on Saturday only. It was the first time I have ever seen virtually the whole paddock watch a race, it must be their suicidal overtaking manoeuvres, why they have 4 wheels god knows, it is a rarity for all 4 to be on the deck, any spectators who are here this time, but were not here in May, will realise there is more in this world than Rugby, it's a strange game anyway, played with a spherical ball, they don't know whether to kick it or carry it, when they have a problem they all bend over, the ball is thrown between them, only to be kicked out, why throw it in in the first place, I suppose the same could be said about fishing, why spend a fortune on tackle, to feed the fish, must be cheaper to throw them a few handfuls, at least you only need to do it when the sun shines, not sit on the riverbank in all weathers trying to spot the fish, just to chuck them some food, still everyone to their own, they must think we are strange, spending vast fortunes just to keep coming back to where you started, well the lucky ones anyway, our Dan frequently does FREE tarmac testing, I think really it is because he is too tight to put enough petrol in, cheaper coming back on the truck, a good excuse for not winning.

Whilst on the point of Racing I would like to apologise to our members for the lack of it recently, it is not our fault but that of McLaren the new owners of Lydden, who having purchased the Circuit don't know what to do with it, (please keep your remarks to yourself) if the grapevine is correct things should be underway by the end of July, so we can continue our season, alas we ain't bin sat on our butts wees bin owt there looking for alternative venues, if we get them it should throw up a few surprises none of them are a million miles from home, but they sure are different. More news if and when we get it.

Page Two

Elsewhere in the prog you will find our current championship positions, with this being a 2 day meeting, it only wants one of the front runners to strike trouble and it will all open up, particularly if double points are used on a non finish.

In the overall championship Mike Shurley has a 16 point lead over Ian Dowe, 16 points is nothing when you consider Mike has used his double, whilst Ian has'nt, Toby Clarke is only 2 points further back, and has his joker to play, 1 point behind Toby is Evergreen Phil, followed in 5th by the Welsh Invader Steve Williams, who really has showed how to make a 125 go.

Of the top 5 in the overall championship only Phil Green is not leading his respective class in the Class Championships, strange things these points, in the Novice he is 2nd to Desperate Dan, with only 3 points separating them, both having used their doubles have it all to do, Dan must learn to stay aboard for the full distance?

Before I sign off I must offer our thanks to Ray Hyde the Circuit Manager for making this weekend possible, also above all others we owe our thanks to the Ringrow Family, Mum is the Judge, Dad the Safety Officer, son Richard who does some of our commentaries, as well as lap scoring, and last but not least daughter Tracey, who is secretary for this weekends meeting, oh by the way in case you didn't know it was her birthday this month (you don't count any more do you LUV) one other little snippet, she has recently got engaged, for those who don't know who the boyfriend is, I'll tell you it is our 1992 250 Open Champion, Dougie Dean, if that's the prize you get for winning it's time I bought a bike. Congratulations and thanks to you all, where would we be without you? If you don't know who Tracey is, just look for the cracker in the bins in the office, no not the bearded one, that's me.

All the best.  
Terry Mount.
