EVERY NIGHT AT BAR GEORGE

COME JOIN US FOR OUR 10TH
BIRTHDAY CELEBRATIONS

DG bargeorge - winebar

BIG SCREEN highlights of each day's racing action will be on show at bargeorge wine bar in Douglas throughout the TT, courtesy of Greenlight Television. It's one of those accepted theories that wherever you travel it's a good idea to find out where the locals go to eat and enjoy themselves, and then head there yourself: bargeorge fits the bill precisely.

Bargeorge has now been open for 10 years and has consistently been the most popular bar and restaurant in Douglas. It continues to be the first name that comes to mind when lunches, dinners, a glass of wine or just a pint of beer are on the agenda.

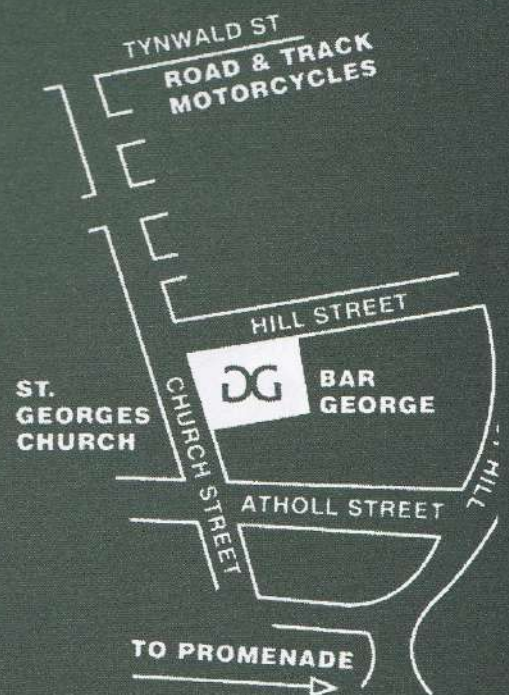

The biggest selection of wines in any bar on the Island sets bargeorge aside from anywhere else. Located in the centre of town, the former church hall offers a unique and relaxed setting. However, it's not just the huge selection of drinks that have given bargeorge the enviable reputation it has today, the value-for-money and consistently good food is another hallmark of a venue that has a very special atmosphere.

Bookings aren't necessary, but to be sure of not being disappointed it's advisable to call in advance for a table, large or small. meals from the regularly changing menu are served all day from 12 noon until 10pm.

A Message from the Chairman

I wish to extend a warm welcome from the Isle of Man TT Marshals Association Ltd to everyone here for the 2008 TT road races. I imagine an introduction is in order as last year it was a great honour for me to be elected as the new IOMTTMA Chairman. I took over as Chairman of the Marshals Association from Roger Hurst when he retired. My name is Bill Carden, I came to the Island in 2002 and marshalled for the first time that year in the MGPA year later I found myself volunteered for the deputy sector marshal's position at Glentramman in sector 8; I have been there ever since. The volunteering bug bit again about three years ago when I was asked if I would like to stand for election onto the board of directors of the IOMTTMA Ltd; I duly did so and took on the role of Press Officer. This position was later supplemented, because nobody else raised their hand, with the position of Assistant Chairman when Brian Smith retired.

Well that's who I am, as Chairman my job is to promote the road races here in the Island by recruiting people who wish to act as marshals and to involve as many of these volunteers to take part in Incident Management Courses. I like to actively take part in these IM Courses; presenting various elements of the presentation. I also get to a few motorcycle orientated shows on the Island and in the UK; they are great fun and it is good to meet new and old faces and show them what the Isle of Man and the TT has to offer.

That's who I am and a bit of what I do; I do not do it all alone though. The IOMTTMA Ltd has a strong team of Directors who all play a part in the whole show; without them it would not happen. There is however another element that is even more important; one that has an even greater bearing on the outcome of the races; that is you the volunteer. Without people like you who give up time to marshal the races we would be up the infamous creek minus the infamous paddle; you are the most important part of the team.

So here we are another TT under way; if you would like to get more involved and maybe join the 'Orange Army' and marshal; please come and find us at our office behind the Grandstand. I hope the TT is a great success for all concerned; whether you are here for the races or just on holiday have an enjoyable stay in this wonderful Island and I wish you safe riding, a safe journey home and please come back again.

Regards

Bill Carden

SPECTATOR SAFETY & BEHAVIOUR GUIDELINES

PROHIBITED AREAS

No person or vehicle shall during a closure period enter or remain on any area of land specified as a Prohibited Area. The extent of the Prohibited Areas shall be clearly marked and indicated by notices bearing the words 'PROHIBITED AREA'.

SPECTATORS ARE NOT PERMITTED IN THESE AREAS. SPECTATORS ENTERING THESE AREAS MAY RESULT IN THE PRACTICES OR RACES BEING STOPPED AND MAY ALSO FACE PROSECUTION.

RESTRICTED AREAS

No unauthorised person or vehicle shall during a closure period enter or remain on any land specified as a Restricted Area. The extent of the restricted areas shall be clearly marked and indicated by notices bearing the words 'RESTRICTED AREA'.

The TT Races is one of the greatest spectator sports in the world. Nowhere do you get as close to the action as you would sitting on a hedge on the Isle of Man surrounded by breathtaking scenery as the world's leading road racers pass you.

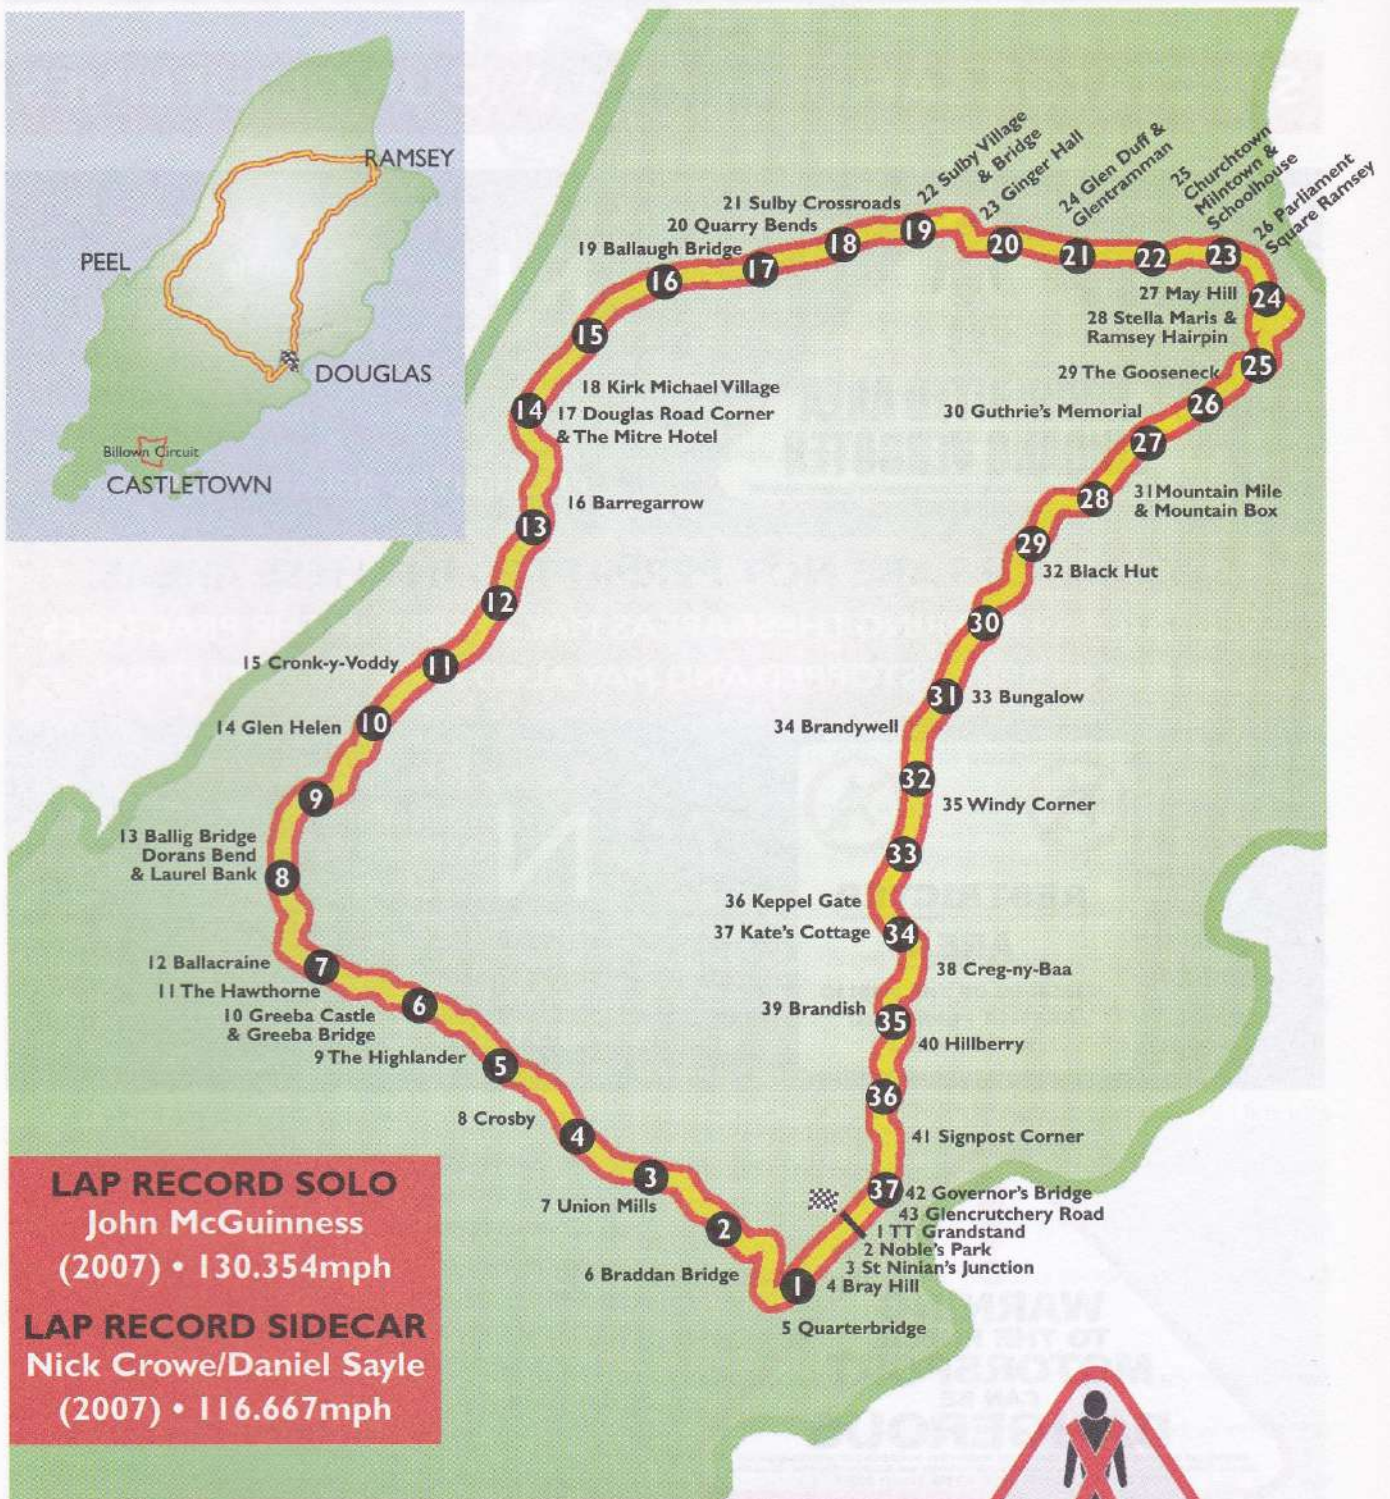

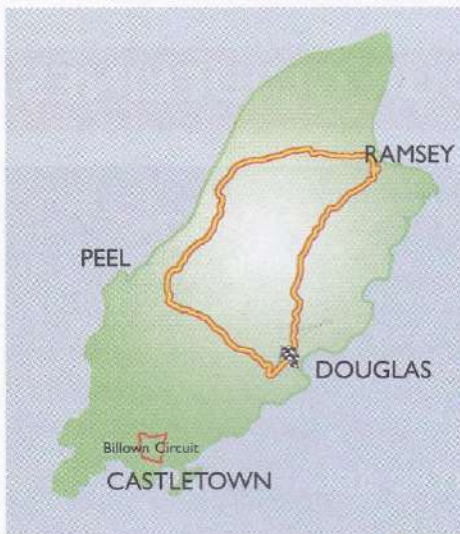

However, TT race spectators have a responsibility to themselves, the marshals and the riders to watch the races in a responsible manner. Motorsport is dangerous and while the organisers recognise that you want to get as close to the

action as possible you must follow the rules, listen to the marshals and keep your wits about you at all times. The bikes can reach speeds of up to 200mph and at no point can you go onto the track itself until the passing of the roads open car.

Every year the course is reviewed by leading motorsport figures and spectator viewing areas are altered according to the nature of motorsport. Changes in machinery mean that what has previously been safe may no longer be the case. As a result areas that you may have previously watched from may now be prohibited or restricted. You must respect the marshal's advice and look for an alternative viewing area. With a track stretching to 37³/₄ miles you are not short of alternatives!

Any unruly spectators will be dealt with by the police and in order to do so the practice or race may have to be stopped. The safety of the public, marshals and riders will not be compromised.

Enjoy the event and we look forward to welcoming you back on the Island for many years to come.

ACCESS: Via St Ninian's Road. Start and finish point of the races with scoreboards, Manx Radio's Race Control point and elevated tiered seating for approximately 700 spectators. Good views of start and finish with the fastest riders hitting 160mph as they complete their laps. Don't miss the frantic activity as the leading riders make their pit stops. Great venue for soaking up the TT atmosphere.

CATERING: You won't go hungry. There's loads of tasty stuff on sale from the vendors directly behind the grandstand.

TOILETS: Behind the grandstand building.

CHARGES: Tickets available from the Duke Shop at the rear of the Grandstand or in advance online at www.iomtt.com

CATERING: As Grandstand.

TOILETS: Behind the Grandstand building.

3. ST NINIAN'S JUNCTION

Spectator viewing is best from St Andrews Churchyard or St Ninian's Playing fields. Footbridge over the course.

CATERING: Bray Hill Filling Station offers a selection of hot and cold food and drinks.

4. BRAY HILL

At the bottom of the hill, Stoney Road, Thorny Road and Cronkbourn Road give views of riders accelerating away towards Quarterbridge. From the inside, Port-e-Chee Avenue off Ballanard Road offers access to the right hand side of the course towards the bottom of the hill. You can also access High View Road via a footpath from Port-e-Chee Avenue.

5. QUARTERBRIDGE

ACCESS: From the outside of the course you can get to Quarterbridge via the New Castletown Road or Peel Road where you can also park. A popular spot at this favourite vantage point is the grassy embankment on the corner. Riders can be seen taking the sharp right hand bend and then accelerating away towards Braddan Bridge.

CATERING & TOILETS: The Quarterbridge Hotel offers good beer and atmosphere with loads of TT photos on the walls. Hot meals, snacks and tea and coffee are also on offer.

6. BRADDAN BRIDGE

ACCESS: From the outside of the course via Vicarage Road or Saddle Road. There is a grandstand with seating for around 400 spectators giving a good view of the S-bend, and you can also spectate from the Church. From the inside of the course, vehicular access is via the TT access road nearby – in the run up to Braddan Bridge from Quarterbridge, spectating is forbidden on the left but you can watch from the embankment adjacent to the Jubilee Oak.

CATERING: Church Hall offers tea, coffee, cakes and more.

TOILETS: Church Hall and Grandstand.

CHARGES: A small charge is asked for entrance to the grandstand and the Church Grounds.

7. UNION MILLS

ACCESS: From the outside of the course via Lhergy Cripperty. From the inside of the course via Strang Road. Parking is some distance away so be prepared to walk. You can watch from the inside of the course, and from the Memorial Hall. Viewing from the outside of the course is best from the Railway Inn, which has an elevated beer garden.

CATERING: Great hospitality at the Railway with loads on offer. Spar shop provides hot and cold drinks and snacks before the roads close.

TOILETS: The Railway Inn and the Church Hall.

8. CROSBY

ACCESS: To Crosby crossroads from inside the course, via Eyreton Road, from outside via Old Church Road. Leave your bikes on either of these roads and walk to Crosby Church Hall but you'll be here for the duration until the roads open. Alternatively, arrive at the Crosby Hotel well before start time and be prepared to stay as you're stuck once it begins. Incidentally, the former Waggon and Horses is now a private house and there is no viewing there or on its approach.

CATERING: Liquid refreshments, hot and cold food are the order of the day at the Crosby Hotel.

CHARGES: None

9. THE HIGHLANDER

ACCESS: If you are going to the Highlander make a day of it as there's no way out once the roads are closed. Super fast stretch of road makes for spectacular viewing.

10. GREEBA CASTLE AND GREEBA BRIDGE

ACCESS: Not much in the way of parking and a dwindling number of spectator areas on the stretch between the Highlander and Ballacraigne.

TOILETS: At the Greeba Veranda, Cronk Dhoo Farm and the Hawthorn.

11. THE HAWTHORN

ACCESS: Again, there is no way out once the roads close, but parking is available adjacent to the Public House.

CATERING: Hawthorn Restaurant is open all fortnight.

TOILETS: The Hawthorn (at the owners discretion)

12. BALLACRAINE

ACCESS: Access can be gained from either Foxdale or St Johns once the course is closed. Roadside viewing only.

13. BALLIG BRIDGE DORANS BENDS AND LAUREL BANK

ACCESS: From Tynwald Hill, follow the signs to Tynwald Mills where there's plenty of parking. Walk across the footbridge over the river to Ballig Bridge. You can view from the road junction. For Doran's Bend, take the Poortown Road. Laurel Bank is a great place to watch – use the area just before the flag marshal – there's limited parking but do not block the lane.

CATERING: The two cafes at the Tynwald Mills centre offer tea, coffee and meals.

TOILETS: Tynwald Mills.

14. GLEN HELEN

ACCESS: Once the roads are closed you're stuck. Glen Helen has ample parking for cars and bikes with good facilities and is also a Radio commentary point. As well as viewing from the roadside entrance, you spectate from behind a small wall up to the wooden fence which is clearly marked as a Prohibited Area. You can also climb up into the wooded area above for an elevated view of the action.

CATERING: Glen Helen Lodge Hotel is superb for food and drink, as is the excellent Swiss Chalet restaurant.

15. CRONKY VODDY

ACCESS: From Sarah's Cottage to the Cronk-y-Voddy crossroads, the land either side of the course is mainly agricultural. You can watch from a number of

spots but check with farmers and marshals before making yourself at home. Also remember the country code and please dispose of any litter responsibly. From the A4 north of Peel you can get to Cronk-y-Voddy crossroads via the Staarvey Road. From the inside of the course, take the B10 as far as Sartfield and turn left – the crossroads is about a mile down the lane.

CATERING: Moaney Moar Farm offers light refreshments.

16. BARREGARROW

ACCESS: From the inside of the course, take the B10 – park up on the road in a safe position leaving access for others. From the outside of the course, take the A4 from Peel and turn right just after Glen Mooar. From Barregarrow you can reach other viewing positions by foot before the roads close.

CATERING: The Sartfield Restaurant further up the road provides food with a pleasant view of the Island's west coast.

17. DOUGLAS ROAD CORNER AND THE MITRE HOTEL

ACCESS: You can only get to Kirk Michael from the outside of the course, via the A3, once the roads are closed. From the junction you can see the approach to the right-hand bend into Kirk Michael. There is viewing from the Mitre Hotel with less visibility but more beer and a great atmosphere.

CATERING: The Mitre Hotel has a good pub menu. It also has a small garden at the back with a playground for when the kids get bored.

TOILETS: The Mitre Hotel, also portaloos at Glen Wyllin campsite, if you're outside the course.

18. KIRK MICHAEL VILLAGE

ACCESS: There are quite a few small spots for spectators in the village itself. Several side roads all

offer limited accommodation. Needless to say, you're pretty stuck once the roads are closed.

19. BALLAUGH BRIDGE

ACCESS: From outside the course via the A10 from the Cronk, from the inside via the Druidale Road. After getting airborne over the hump-backed bridge, the riders speed away through the village. Viewing is permitted from behind the barriers at both sides of the junction. The outside has better visibility while the inside has the Raven Hotel. From the Raven you can watch from the car park.

CATERING: The One-Stop Shop outside the course sells tea, coffee, hot snacks and groceries. The Raven Hotel has pub meals, good beer and soft drinks.

TOILETS: The Raven Hotel; there are also public conveniences opposite the One-Stop Shop.

20. QUARRY BENDS

CATERING: The Wildlife Park cafeteria has a good range of meals, snacks and hot and cold drinks. If the racing gets a bit boring go and check-out the exotic animals on display instead!

TOILETS: Toilets in car park.

21. SULBY CROSSROADS

ACCESS: From the outside of the course via the A14 from Sandygate. From the inside, the A14 from the Bungalow on the mountain. At Sulby there's great high speed action as the bikes tear along the straight – blink and you'll miss 'em. You can also use the Claddaghs Road to get to the Ginger Hall.

CATERING: The Sulby Hotel is a top TT venue with loads of atmosphere, good food and good beer.

TOILETS: The Sulby Hotel. If you're inside the course you can nip to the Claddaghs or head to the Ginger Hall.

22. SULBY BRIDGE

CATERING: There's often some local hospitality on race days; tea and coffee and cakes.

TOILETS: None

25. CHURCHTOWN MILLNTOWN AND SCHOOLHOUSE

ACCESS: No access to Churchtown from the inside of the course, but you can park on the little loop road, on the right hand side of the course as you head towards Ramsey. From the outside of the course, take the A13 and the Garey road. There's a narrow lane on the left. You'll have to park before the weir and walk to end of the lane. For Milntown, approach through the housing estate on the outside

of the course, or park up in Glen Auldyn before the roads close.

CATERING & TOILETS: Ramsey.

26. PARLIAMENT SQUARE, RAMSEY

ACCESS: From the outside of the course via the A2 coast road. No access from the inside once the roads close. Parliament Square is a very popular place to spectate from with loads of room and good views as the riders brake into the right-hander, accelerate across the square and sweep out via a fast left-hander. Footbridge near the Bus Station provides access to both sides of the course – and the two pubs The Swan and The Central on either side of the course.

CATERING: No shortage here with pubs, and take-aways, Shoprite and other shops all close at hand.

TOILETS: The Swan or The Central. The Swan is wheelchair friendly. Public toilets also next to Shoprite.

27. MAY HILL

ACCESS: From the outside of the course, Parsonage Road gives a wide view of May Hill.

CATERING: All facilities in Ramsey

28. STELLA MARIS AND RAMSEY HAIRPIN

29. THE GOOSENECK

ACCESS: Access is possible using the A15 Hibernian back road which turns off the main coast road running between Douglas and Ramsey. You can park in the field.

30. GUTHRIES MEMORIAL

ACCESS: Before the race starts via the course above Guthrie's. Loads of freedom here to wander up and down the side of the course behind the fencing.

31. MOUNTAIN MILE AND MOUNTAIN BOX

ACCESS: Before the race starts via the course. There's no parking at all on the Mountain Mile so you will have to park on the ground behind the mountain box where there's room for several cars and bikes. The ground can get soggy so be careful.

32. BLACK HUT

ACCESS: Before the race starts via the course on foot as there is no parking. Like all the higher parts of the course it can get very cold so be sure to wrap up.

33. BUNGALOW

ACCESS: From the outside of the course you can take the electric tram from Laxey to Bungalow. Parking is available in the former Motorcycle Museum car park where there are loads of spaces. From the Bungalow you can cross the road using the Footbridge to get a different perspective. The view from the Bungalow is one of the longest on the course, all the way from the exit at Verandah to the entry into Brandywell, some 1.5 miles later.

CATERING: At the Motorcycle Museum and the Bungalow Tram Station

TOILETS: Toilets situated in MER station

34. BRANDYWELL

ACCESS: Lots of parking, access via the B10 if the race has already begun. Brandywell itself is a fast right-hander, but you can also walk freely to the Bungalow on both sides of the course.

CATERING: There's usually a catering van at Brandywell.

TOILETS: Yes

35. WINDY CORNER

ACCESS: Arriving early via the course should ensure a parking place at this popular right-hander. From Windy you can walk to the 32nd Milestone – viewing is from behind the roadside fence on the outside of the course only.

CATERING: You will find everything you need at the excellent Creg-ny-Baa.

TOILETS: Creg-ny-Baa.

39. BRANDISH

ACCESS: Before the race starts via the course. All facilities are at the Creg-ny-Baa or Hillberry.

The Isle of Man TT Marshals Association Ltd welcomes you to TT 2008

Since the Manx Grand Prix last August, there have been a lot of changes within the structure of the TT organisation. Although, the Marshals Association works within its own remit we have to liaise with the other bodies involved. There are many hours of meetings during the winter months and in the run up to the TT that require our presence, as well as representatives from the other sections of the structure, for example the Police, Department of Transport, Medical Services, Department of Tourism and

protecting your own safety, use of Tetra radios, helicopter procedures, the powers and duties of a marshal, the correct use of the flags; it also has a good first aid element which will show you how to treat basic injuries, apply a cervical collar, safely remove a rider's helmet, place a casualty onto a scoop stretcher as well as scene safety and management. The feedback from marshals and prospective marshals who have attended a course is always positive, and we look forward to seeing many more of you at one in the future.

Marshal in the area you are marshalling. You will be placed with other more experienced marshals at all times and will not be expected to do anything unless you feel confident to do so, but by signing on you will become part of a team of some the most important people around the course! At the NEC bike show last November there was a TT day and several riders, past and present, were there signing autographs. We were asking them what they thought of us marshalling the course so they could race, they were unanimous in their praise as they realised that without the marshals there would be no racing.

All our marshals freely give up their time to support the greatest road races in the world, and they can be justifiably proud of being such an important part of the TT. If you want to forge new friendships, have a roadside view of the races and earn the total respect of the riders, come and sign on today, and join the 'orange army'.

Have a safe TT, regards

Terry Holmes

Leisure, Course Maintenance and senior officials within the organising committee. These in turn meet with the Chief Sector Marshals, and sometimes their deputies as well, to ensure everyone knows what is going on.

The Isle of Man TT Marshals Association Ltd works very hard to recruit, train and supply marshals for the TT. We will have trained or re-trained around 400 marshals since the MGP last year, usually running two one day courses over a weekend, both here, and in the UK for our marshals based there. The course covers all the basics of marshalling including

If you over 18, (parental consent required for 16 to 18 year olds), and you have never marshalled, but would like to join us, it is very easy. Go to our office at the rear of the Grandstand and speak to our secretary. You will watch a short DVD called an introduction to marshalling and fill in a signing on form. You can ask any questions and tell us when you are available and which area you would like to marshal in. You can do any number of practice sessions and races. As a novice marshal you will have a log card which will be signed every time you complete a practice or race by the Deputy Sector or Chief Sector

Don't just take our word for it. Fast Bikes testers put the new Maxxis Supermaxx Sport tyres through their paces in recent road tests on a Suzuki Bandit 1250SP and a Triumph Street Triple. Alistair Fagan, Road Tester, wrote in the May edition of Fast Bikes: "The Maxxis tyres have been a huge surprise. They're cheap too!" Jamie Wilkins, Deputy Editor, wrote in the June issue of Fast Bikes: "I have to give myself a check-up from the neck up when I get on anything else" Make your own mind up. Important Information for TT Visitors

One Way System in Operation over the Mountain Road for TT Festival

Following on from the success of the Centenary TT festival last year it is predicted that the Islands roads will once again be extremely busy for the festival fortnight.

With this in mind, a one-way system will be in operation over the Mountain Road, from the Ramsey Hairpin to the Creg Ny Baa for the duration of the TT Festival.

The uniqueness of this road racing event creates safety issues that you might not automatically think about. Here are a few road safety tips that will help you to enjoy the 101st TT to the maximum advantage.

- The TT course is entirely comprised of public roads, and these roads are closed when the races are in action. However it is important to remember that when the roads are open both residents and visitors use these very same sections of the course for their day to day activities. With this in mind, you should be prepared for regular traffic on the TT course when the roads are open including queues at roundabouts and junctions.
- You might be tempted to 'open up' your machine on long stretches of road, but for the safety of other road users please drive well within your capabilities and be mindful of your surroundings – expect the unexpected.
- On right hand bends make sure that both you and your machine are behind the white line – not just your tyres.
- The TT festival attracts visitors from far and wide, many of whom may not be used to riding on the left hand side of the road. With this in mind, please take extra care when approaching areas where their journey might start for example campsites.
- You need to be aware that temporary speed limits will be introduced around the Island to help our roads cope with the increased volume of traffic, but primarily improve safety for all road users.
- Any driving ban imposed by an Isle of Man Court is applicable in the UK as there is now a reciprocal ban agreement in place – so a moment of madness could cost you dear in the long run.
- In addition to the TT races, you will probably want to go out and enjoy the many attractions on offer all over the Island. Naturally you may fancy the odd beer or two, but if you are going to enjoy the local brew then please leave your bike where you are staying. Alternatively stick to a soft drink as:

**Riding + Alcohol + Unfamiliar Roads
= Injury and Misery**

Remember, where this sign is displayed it is prohibited to spectate in the area. This is for your own safety and the safety of the riders.

Racing accelerates technology, powering design and development, because there's no place to learn like the racetrack. To understand just how close Yamaha race bikes and Yamaha supersport bikes really are, check out the race-derived technology on our YZF-R6.

Featuring YCC-T (Yamaha Chip Controlled-Throttle) and YCC-I (Yamaha Chip Controlled-Intake air funnels), the 2008 R6 delivers full-on racetech to you in spades.
