WARNING

MOTOR SPORT CAN BE DANGEROUS

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen. Please remain in permitted areas only and comply with all instructions of marshals and notices.

THEY ARE CONCERNED WITH YOUR SAFETY.

WELCOME!

We return to the excellent facilities of the Kent Gliding Club for the start and finish of the 2013 Timber Woods LDT, Sidcup's only LDT of this year. We took on running two per year when the OWLS Club decided to 'have a break' from running LDTs. As Eastbourne has taken up the cause, we revert to just the one.....unless there is a group of Sidcup members who would like to take on running the Sidcup LDT in an earlier part of the year. All offers gladly accepted and help will be given!

You are welcome to keep and use the Roadbook for re-riding the route. The route uses nothing but legal byways, but we affix notices at byway ends to advise other byway users of the LDT. Riding at other times you may meet walkers, horses, 4x4s, tractors, etc. – as indeed you may do during this event. Please take care!

Have a good and safe ride, and see you back at the Gliding Club.

Peter Burrell, Club President

Competition Mind

Sharing the Secrets of Success

- Do you feel as though you could go faster, get better results, and enjoy your competition more but don't quite know where the answers are?
- Do you suffer with limiting beliefs about your ability? Or find yourself holding back and don't quite know why; you may feel intimidated by other riders or had an accident that has slowed you down.
- Is there a part of your competition that causes you difficulties and try as you might you can't get it right? Maybe you know your best is yet to come but feel you can't wait any longer for it all to fall into place.

These are just some of the difficulties that can be easily overcome. Last year I helped riders from many different disciplines, MX1, MX2, Club motocross, International Enduro, Club Enduro, Trials and Speedway at every level.

A typical example is of a club Motocross rider who came to me because he was having some bad results. He was worried and intimidated by other riders, had also suffered accidents and bad starts, and found himself getting angry and frustrated. We spent five hours working together producing an immediate effect on his results and this year he is competing within a higher group.

Most people think that this is all strange music and Hypnosis, it isn't. This is about basic thinking patterns, it's about understanding how we create our problems and thus limit how we think. It's the undoing of old habits and learning the same behaviour and ways of thinking of the successful riders. My work is conversational, educational, qualified and experienced, results always follow.

What you can expect?

Amateurs - an increase in performance, results and consistency of around **75%**

Top level riders - an increase in performance, results and consistency by **15-20%**

FINAL INSTRUCTIONS

Arrive at the start with sufficient time for signing on, scrutineering and affixing your Road Book sheets.

Scrutineering will be from 8:00am. You may be asked to start your engine and any bikes with what we decide is an excessively noisy exhaust will not be allowed to start the event.

Please do not have competition numbers on your bike – it gives the locals the impression that the trial is a race. You will be given a trials number card to stick on your front number plate.

Sign on before you start when you will be given a Road Book. This will be eleven A4 sheets and uses the 'box diagram' system showing junctions with Direction Posts (DP) and kilometres and miles from one junction to the next.

ROAD TRAFFIC ACT INSURANCE: Almost all insurance policies have the exclusion "...racing, pace making, speed testing, rallies, COMPETITIONS and TRIALS". That means you have no Road Traffic Act insurance during this trial. The ACU offers a one-day RTA cover for £9.00, which will be available at signing-on. Please have the exact money; it will help.

TOILETS and REFRESHMENTS are available in the Gliding Clubhouse – an excellent full English Breakfast is just £5.00 – enjoy, but don't miss your start!

PETROL ON THE ROUTE: There are no filling stations on the route, but the Roadbook will indicate those a mile or so off the route.

START TIMES: To keep the start area orderly, there is a 5 point penalty for any riders who start more than 5 minutes later than their programmed time.

TYRES: Any Road Legal tyres will be OK.

FINISH To be classified as a finisher, you must sign off at the end of the event.

SPECIAL TEST Ties will be decided by a Special Test. This will be somewhere around the route and indicated in the Roadbook.

REGISTRATION NUMBERS Please ensure your Reg. Number is legal before the start and clean it before leaving byways for more normal roads.

ROUTE MARKING: Orange enduro arrows with the Road Book box number will be put up at a few places to emphasise the route. Otherwise, it's down to you to follow the Road Book directions.

SECTIONS These will open and close at times shown on the Roadbook.

We will ensure the section markers are large and clear.

Inspection of sections on foot is not allowed. 10 marks if you do!

Marking will be as ACU Trials Standing Rule 22(b), which is:

Clean	0 marks
Footing once	1 mark
Footing twice	2 marks
Footing more than twice	3 marks
Failure	5 marks
Personal request not to attempt a Section	5 marks
Not attempting a Section when called upon to do so by an Official	10 marks
Missing a Section for any reason	10 marks

Section markers are **RED** on the **RIGHT**, **BLUE** on the **LEFT**. You must ride between these markers that define section boundaries.

EXCLUSION Any riders noted as riding dangerously or with excessive speed or noise will be immediately excluded. *Any such riders will not be accepted at any future Sidcup Long Distance Trial, Enduro or Cross Country, and other clubs will be asked to reject their entries.*

Any rider who is accompanied by rider(s) who are not taking part in the event will be excluded. A breach of the ACU Sporting Code, MSA Rules, Supplementary Regulations or Final Instructions may result in exclusion.
