ABOUT TODAY

The three Charities to benefit from todays meeting and the draw, which will take place during the interval, are Cot Death Research, Cancer and Leukemia in Children and the St.John Ambulance Brigade, Wellington Division.

Cot Death Research has been chosen because our family, have suffered the terrible effects this has on everyone concerned. Our Grand-daughter was a victim of Cot Death in February 1994 at the age of just 9 weeks. As a family we feel that the continuation of research is badly needed to find out why these infants die for no apparent reason. No-one can imagine the agony my Daughter, her Husband and their small son suffered.

C.L.I.C. is chosen because Jason Gill, in whose memory this event is organised, suffered from Leukemia in his teens. Jason was lucky enough to make a full recovery and took up Moto Cross riding. Not all Children make a recovery so funds are always needed to further research into this dreadful illness. Jason suffered a massive heart attack whilst racing in March last year, and died instantly.

St.John Ambulance (Wellington) are a voluntary organisation without whose help we would not run our events.

Wellington Division are always willing to help if at all possible and give us excellent first aid coverage.

Thank you for attending this meeting today and supporting these three very worthy causes. We hope you will enjoy your day.

Greta and brian Edwards - Club Secretary and Chairman.
