**SPECTATORS . . . PLEASE NOTE**

A tremendous amount of work has gone into the organising of the routes by the Clerk of the course and his assistants. All this hard work could be ruined by thoughtless acts by spectators who fail to realize that a great deal of the route is on private land.

May I appeal to all those following the Trial to observe the Code of the Countryside by closing ALL GATES behind them, extinguishing all matches and cigarette ends and thus preserve the goodwill of our farmer friends.

There were fewer complaints last year, for which I thank you – please keep up the goodwill !

## **AN IMPORTANT MESSAGE**

**FROM IAN DRIVER**

**MANAGER OF THE BRITISH I.S.D.T. TROPHY TEAM**

It is always a pleasure for me to come to Llandrindod Wells for the Welsh Two Day Trial and the event forms a most important part of our training programme for the International Six Days. As you may know, the team is normally selected after the Welsh and the team selectors and I are always on the lookout for new blood - young riders who are prepared to put time and effort into events such as this and may one day be good enough to be selected to ride for Great Britain.

The present team cannot, of course, remain unchanged for ever and there is every chance for young riders with sufficient mechanical aptitude, the experience to pace themselves for six days and the necessary cross country speed for special tests, to be considered to represent their country at International level.

If you are keen, remember that many things count - the way your machine is prepared, how you personally are turned out, how you perform in an emergency, how fit you are and how many other events of this type you ride in. Members of the Six Day Committee are at all the important events and if you are good enough you need have no fears about not being noticed.

Anyway, I would like to wish every competitor - novice or expert - the best of luck this week. May the best rider - not the course cutter or rule bender - win.

**IAN DRIVER**

*(Manager British Trophy Team).*

# Girling suspension units keep you in touch.

In the sports bike world Gas Shocks have built a winning reputation with top world ranking riders, proving them in national and international championship events. The competition winning design characteristics of Girling Gas Shocks provide for constant damping even under the most arduous conditions and that means a significant improvement in rear wheel grip and rider confidence.

You get the same level of precision engineering in Girling Suspension Units for road bikes – Shock Absorbers that give rider comfort and safe handling when safety matters – so give yourself extra confidence – fit Girling Motor Cycle Suspension Units to your bike. Ask your dealer for details of Girling Suspension Units for British, Continental and Japanese bikes. The best way to keep in touch.

# BIKE ON AVON ROADRUNNERS

Roadrunners are the H-rated, 130 MPH tyres you can take to the limit. Because Roadrunners are low-profile tyres made from Avon's amazing high hysteresis 'cling rubber' compound.

Roadrunners also have reinforced shoulder blocks to minimise shoulder wear, and a classic tread pattern, moulded from wear-resistant rubber compounds to ensure long life.
