SPECTATORS — PLEASE NOTE

A tremendous amount of work goes into organising the trial by the Clerk of the Course and his assistants. All this hard work is being ruined by thoughtless acts by some spectators who fail to realize that a great deal of the route is on private land and is only open for competitors and officials of the trial, that is one day a year rather than permanently open to the public.

We thank the majority of you following the trial who follow the 'country code' by closing all gates behind you, extinguishing all matches and cigarette ends and leaving no litter thus preserving the goodwill of our farmer friends.

There were fewer complaints during last year's trial for which I thank you, but unfortunately complaints of trial riders on the route during the remainder of the year are ever increasing, creating bad feeling amongst local inhabitants.

We would therefore ask all Trial riders not to trespass on private property. If this warning goes unheeded it will lead to the loss of land for all motorcyclists and also legal proceedings against the offenders.

WARNING

MOTOR CYCLE SPORT IS DANGEROUS

You are present at this meeting entirely at your own risk and the programme of admission is issued subject to the conditions that all persons having any connection with promotion and/or organisation and/or conduct of the meeting including the owners of the land and the drivers and owners of the vehicles are absolved from all liability in respect of personal injury whether fatal or otherwise to you or damage to your property howsoever caused.
