Families and Friends

Finally, sincere thanks must go to you, the spectators for making this popular event.

Results

Please note that today's results will be available on the
Internet tonight

Please visit <http://amca.mylaps.com>

WHAT THE MONEY RAISED IS USED FOR

Since the first beach race held on Weymouth Sands in 1984 the riders have donated over fifty thousand pound to the lions. Over the years we have used the money to purchase computers for the blind, tents for scouts and guides, mounting stage for Riding for the Disabled, train fares to allow families to visit sick children, a "resuscianne" which allows St John Ambulance staff to be able to train not only their own members but members of the public in the art of CPR, plus many other items too numerous to mention. The money from last year's race was used to buy a "Beach Buggy" which is a wheelchair with wide wheels which allows it to be pushed across the sands. This means that wheelchair bound members of a family, for instance, can join in all the fun of Weymouth Sands. We are currently looking to purchase a Trekker Breeze, a Sat Nav for the Blind, which once programmed will allow a blind person to navigate from home to wherever they wish to go plus an Eye Gaze communication device that detects eye movement. This will allow a profoundly brain injured young girl to communicate with her family.

The rider's donation to the club is always greatly appreciated and allow us to continue to "help those less fortunate than ourselves".

Weymouth and Portland Lions Club

To all the riders at the Weymouth Beach Motocross and their support teams can I thank you all for joining us and making the event the great spectacle that it is.

We hope that it will be a fine day for you but you guys seem to be happy to race whatever the weather. As you know this is a charity event and we are trying to raise as much money as we can so that we can help those less fortunate than ourselves. Your contribution to the amount raised is greatly appreciated and with it we can let disadvantaged children go on school trips, help families visit sick children when they are in hospitals outside the area, provide entertainment for the elderly at our Christmas show, the list is endless. Some cases cannot be brought to the press as it would be too distressing for the recipients but please be assured that every penny we receive is used as no expenses, administrative or otherwise, are taken out.

Thanks for your help and we hope you have a great day in Weymouth.

Dave Woolford
President of Weymouth & Portland Lions Club

WEYMOUTH BEACH RACE
FUTURE DATES

28 OCTOBER 2018
13 OCTOBER 2019

**THE PURBECK MX CLUB WOULD
LIKE TO WELCOME BACK THE
'GORILLA MAN'**

**WE COULDN'T DO IT WITHOUT
YOU!!!**

**THANKS FOR ALL THE YEARS
YOU HAVE BEEN COMING TO
THE WEYMOUTH BEACH RACE**

**Purbeck MXC the organisers
of the AMCA Weymouth
Beach Race extend a big
motocross welcome to the
friends & family of
STEVE BODDY.**

**Steve passed away earlier
this year after a long battle
with cancer.**

**He loved motocross and in
particular, the Weymouth
Beach Race - this weekend
he'll have the best view ever
from up above.**

We miss you Steve!

PRE ORDERING SERVICE FOR ALL AMCA MX1 & MX2 ROUNDS + FREE FITTING ON ALL PRE ORDERS

DUNLOP GEOMAX MX11 PURE SAND TERRAIN

- Excels in sandy conditions
- Excellent stability on uneven surfaces
- Cross knobs in central pattern of the front MX11 for extended tread life
- 'Crescent-curve' outer block profiles on rear MX11 promote superior traction

DUNLOP HEAVY DUTY MX INNER TUBE

Tubes are a crucial part of the tube-type wheel assembly and should be treated with respect. When fitting a new tyre on a rim that requires a tube, a new tube should also be fitted. Old tubes can become stretched, and old tubes within new tyres can crease and fail due to thinning of the tube rubber. Tubes should only be repaired by an expert.

DUNLOP GEOAMX MX3S SOFT-INTER TERRAIN

- Excellent damping and line holding thanks to anti-rebound rubber (MX-3S rear)
- Directional tread pattern offers optimised braking performance (MX-3S front)
- New 'tie-bar' less design gives better contact feel and traction in muddy conditions
- High traction and great starts provided by larger centre blocks (MX-3S front)
- Tighter control in corners thanks to Progressive Cornering Block Technology (PCBT)
- More consistent and controlled line-holding achieved through CTCSS carcass technology

DUNLOP GEOMAX MX52 INTER-HARD PACK TERRAIN

- Optimised braking performance and cornering stability thanks to Directional Pattern block design (MX-52 front)
- Directional precision and line holding stability from Carcass Tension Control System (CTCS)
- Better rear control under power, enhanced traction and improved straight line stability from staggered centre blocks
- Improved slide control and cornering grip due to Progressive Cornering Block Technology
- Centre blocks deliver great traction and improved wear on hard ground (MX-52 rear)
- Anti-rebound rubber reduces kick back, great for harder terrain (MX-52 rear)
- New side blocks improve cornering and maximise drive on hard terrain (MX-52 rear)

POLITE NOTICE

Riders should be aware that INSTANT SUSPENSION FROM AN EVENT can be made for the following offence, cases can be referred to groups, motocross or appeals committees to impose higher penalties:

All race personnel, officials, riders, mechanics, photographers or anyone associated with riders must not consume or be under the influence of intoxicants or drugs that could affect their normal mental or physical ability. Besides affecting the safety of the event, any such use is inconsistent with the concept of good sportsmanship and is detrimental to the sport.
