History of NatSKA

NatSKA the national association for schools and youth group karting

www.natska.co.uk

Kart racing in schools has existed for over 30 years. NatSKA is a nationwide association which holds race meetings run under strict regulation of the governing body (Motor Sports Association) throughout the country at many major race tracks including, Three Sisters—Wigan, Rowrah—Lake District, Rye House-Hertfordshire, Little Rissington—Gloucestershire.

Karting as a school or youth group activity covers a wide range of educational, academic, technological, social and sporting subjects. It provides a tremendous stimulus to all concerned.

NatSKA currently has 32 member teams and our National Sprint Championships frequently attract over 150 kart entries. We have 15 different classes of karts, from four stroke up to 90 m.p.h two stroke 100cc club racers. There is a class to suit all budgets and level of ability. Some karts are totally school built, whilst others can be bought commercially. Running costs need not be high and NatSKA provides a excellent path for students wishing to enter motor sports and all other forms of automotive engineering. Students can join NatSKA at the age of 10 years and can race to 31st August after they leave fulltime secondary education.

Joining is easy and only requires your school or youth group to become members of NatSKA. Copies of the regulation and full joining details are available, along with further information you may require by contacting Karen Badcock on (01604) 587815

Now you don't have to sit at home watching F1 on the TV. You can be part of something just as exciting, where you are really involved.
