THE BADGER GOSS TROPHY

EASTER SCRAMBLE

Welcome to the second Devon Classic "Badger Goss Trophy Scramble". The club ran two very successful events last year, thanks to the guidance of last year's chairman Dougie Wardle. All of us in the club thank him for his hard work and enthusiasm, taking on the challenge when no one else was brave enough!

We start a new year with a new committee, new faces and a happy atmosphere .

So, Devon Classic has the honour of organising the first classic scramble of the season, "The Badger Goss Trophy Scramble", to celebrate the achievements of this star of our era. . We have a new track for the riders' and spectators' enjoyment and, we hope, Badger's approval.

Badger has recently acquired a replica of his British Championship winning bike. Badger has been kind enough to bring it along, and it will be on display in the marquee for anyone who would like to see it.

Finally, we'd especially like to thank Mr Broom for allowing us to run the event on his farm land.

Have a good day!

SOUTH WEST CLUBS LEAGUE

Participating Clubs

Bath Classic, Dartmouth, Devon Classic, Dorset Classic,
North Devon Atlantic, South Coast Classic

Aims

- To promote participation in classic and twinshock scrambling.
- To encourage riders of all abilities to enter scrambles organised by other Clubs in the South West.
- To encourage both Club and AMCA membership.

How it will work....

- All AMCA licenced riders will gain points for their Club when they finish a race. The points will be added up after the results are known and the Club's position in the South West League revised and published.
- The final race of the season hosted by the Devon Classic Scramble Club, will be a double points meeting.
- The League will not have a prize attached to it, merely bragging rights! (there may be a sponsored prize of banners/tape/flags etc. to the winning club – tbc).

The small print....

- As the maximum number of riders on a starting line is 36, the finishing positions of all riders will be scored with 36 points for 1st, 35 points for 2nd, and so on. DNFs will not score.
- Only AMCA licence holders' points will count.
- Every race will be scored down to the last rider to finish.
- For twinshock races, the ability-based, 'group system' used by the Dorset Classic Scramble Club will be used at the majority of scrambles.
- Where classes are combined, each position will be scored with respect to the class entered. E.g. pre-'74 with pre-'83 125 would be scored as two separate races.
- Not all clubs will run all race groups at each meeting.
- Riders need to ensure their club details are correct at signing on, as this will be the club who will be awarded the points should the rider complete the race.
- Transponders are to be used in all eligible races.
- Non-AMCA licenced riders and riders with licences registered with clubs outside of the South West League will be allocated points but they will not contribute to a Club's total. Other cases include...
- If a rider is a member of 2 or more SW clubs, only the club on their AMCA licence can be used for the purpose of the league.
- If a rider is a member of one or more SW clubs, but the affiliated club on the licence is outside the SW, the rider's points must be allocated to the same SW club all season.

And finally....

- Full results, including club details of all riders, will be sent to Craig Kelly of the Dartmouth and District Classic MCC, within 14 days of the event, who will produce the League positions and send them out to all participating Clubs.

I am sure questions will arise. I will publish a FAQ to accompany this document once feedback is received.
